Spring sun

## Spring's coming !!!

Let's face it, there isn't anyone in the whole of Haliburton County, or anywhere else in Canada for that matter, who isn't fed up with winter. Winter is nice, and Canada wouldn't be Canada without it, but enough is enough.

The annual exodus to Florida and other southern places is over now, and we're living out the last days of winter with a bleak resolution that sometimes verges on despair. We know that spring will come, as it always does, but its taking more time to get here than we'd like it to.

But though the trees are a long way from being green, and the snow is still deep, there are signs that spring is almost here.

The last days of March and the first days of April are a time of promise. The lakes are still frozen and a cold arctic wind will sometimes bring snow flurries with it, covering for an hour or two the brown sugar coarseness of slushy streets, but it doesn't last. The sun rises earlier and sets later each day, and in its rays is the promise of warmer days ahead.

Late March and early April are fickle. A day that starts out warm and sunny with a cloudless sky can turn bleak in a matter of minutes. In a sheltered place among trees or beside a building, the sun on your face will bring visions of summer, but a gust of wind can carry the illusion away in its icy teeth and we are powerless to stop it.

Spring is a season, six weeks of change, but its also a feeling. There's a quickening of the senses and a lightness in our steps on a warm spring day.

There's the heady smell of damp earth, and the eye stinging dust the wind sweeps up from streets not long free of ice.

There's the tinkle of icicles falling from roofs, and the gurgle of streams swollen with melting snow.

There's the drip of sap from spiles in maples, and the sweet smokey smell that drifts from the sugar shacks.

There's the blinding glint of water trickling down rock cuts caught in the sun and the suck of dark mud on bootless shoes.

There's the teeth gritting thump of tires in potholes, and the chatter of suspensions on washboard dirt. These, and a thousand other things are part of a Canadian spring.

Spring is a season of renewal, a time to shed the sluggishness of bodies long bundled in heavy clothes.

When the streets are bare and the sun is bright, things not done since autumn become appealing again. Bicycles are pulled out of basements and garages, and the first wobbly feet traveled soon give way to the exhileration of speed. Snow shovels are put away, and the jogging shoes that were buried under a mound of boots in the hall closet are dusted off and laced up again.

Motorcycles, reluctantly stored since November, are out before the buds. Bicycles and motorcycles, as much as the first robin have become a sure sign that spring is in the air.

Renewal becomes a ritual in spring time. Sweeping, cleaning, painting, washing, raking and polishing, all remove the last traces of winter, and get things ready for warmer days.

It will be another three or four weeks at least before we can be sure that no more snow will arrive to dampen our spirits and chill our feet. And it will be at least that long before the lakes are free of ice, and the first flowers appear.

But there have been hints that spring is almost here, and last Sunday, in its cloudless brightness and in its' snow melting warmth, had many of them.

Armed with a camera, the Echo went in search of the signs of spring, and we found them easily enough. Scenes from last Sunday afternoon can be seen on page three of this week's paper.

We hope they give you heart. Spring is coming, there's no doubt. And then it will be summer, and all thoughts of snow will vanish, and with them will go the listlessness of March. Soon we'll be able to swim and canoe and water-ski, wear shorts and bask in the sun and . . .

Soon.

# DREE funding unlikely Minister's letter hints

There are more people looking for jobs in Haliburton County than there are jobs available, according to J.G. Northgrave of the Manpower Outreach office in Haliburton and unless industries can be attracted to the County, she says, that situation isn't likely to change.

Haliburton County Council, at their March meeting, passed a resolution asking the Haliburton Highlands Chamber of Commerce to compile statistics, through its outreach office, on the ratio of employed to unemployed in the County. The move is another step in a continuing effort to have Haliburton County designated for assistance under the Department of Regional Economic Expansion (DREE) program of the federal government.

Haliburton Highlands Chamber of Commerce manager Bob Stinson said Tuesday that "there is no hesitation" on the part of the Chamber to compile the statistics, though he said the process could take some time. "It's going to take quite a little bit of work" he said.

Stinson said the Chamber has received a copy of a letter sent to Victoria Haliburton MP Bill Scott by Regional Economic Expansion Minister Marcel Lesard, in which the minister notes that he cannot at the moment expand DREE designations as far south as Haliburton County. Areas of Northern Ontario, as well as Renfrew County, are presently designated for DREE funding, the minister's letter notes.

"I'm not awfully optimistic (about DREE funding for Haliburton) from the sound of the letter" Stinson said, "but you can't just fold your hands because of what one politician says". "You have to keep hammering away at it."

Stinson was unable to say how soon a presentation on behalf of Haliburton County could be made to Lesard.

The Manpower Outreach Centre, which is an offshoot of the Chamber of Commerce, was set up to handle enquiries about jobs from Haliburton County residents, and the number of people who come through its doors has been increasing steadily, J.G. Northgrave says. The number of job orders handled by the office has also been increasing.

In the period between November 1976 and June of last year, the Outreach office handled 197 "job orders", some of which called for as many as nine or ten emplo-

## Pirates' Bonanza on this week

Anyone who has ever dreamed of discovering a chest full of buried pirates' treasure will have a chance to make that dream a reality today through Saturday in Haliburton. The second Pirates' Bonanza will see $1500 in cash and merchandise given away to the lucky people who can open one of 15 treasure chests that will be on display at participating Haliburton businesses.

The key that could unlock a chest for you is in the envelope attached to the special Pirates' Bonanza supplement in this week's Echo.

Besides the treasure locked in the chests, participating merchants will be offering a host of special prices on items in their stores. See their ads in the Pirates' Bonanza supplement.

Rules of the contest are simple. Take the key you find in the envelope and try it in any or all of the 15 locked treasure chests. If your key opens the lock, and it matches a duplicate key in the merchant's possession, you'll be a winner! The key must be turned over to the merchant whose lock it fits.

Those trying the locks must be 18 years of age or over.

"Avast me heartys and shiver me timbers," the Pirates' Bonanza could make you a winner!

Get an extra Echo, and you'll get another chance.

The Cinderella story was the final offering of the season for the Minden figure skating club. Shown during a scene from the show are Adele Wray, Betty Joe Clayton, Tammy Short and Gordon Monk.

## Minden hospital is safe for now

The Minden Red Cross Hospital, which was singled out for extensive changes in a recent report commissioned by the Red Cross Hospital Board, will remain in operation just as it is in the near future, Anson, Hindon and Minden Reeve Reg Booth said Tuesday.

"We have been assured by the Red Cross and by the Ministry of Health that nothing will be done at the present time, and that no changes will be made" Booth said.

The reeve said Victoria-Haliburton MP Bill Scott was in Minden on the weekend to discuss the situation.

Booth said the council of Anson, Hindon and Minden intends to persue the possibility of taking over the operation of the hospital from the Red Cross. "We have asked for information about the possibility of taking the hospital over ourselves" but as yet, no details of the steps involved have been received. "We're waiting for answers as to when and how" a takeover could be accomplished Booth said.

Council has received a letter from Red Cross Hospital Board vice chairman Carl Weber, in which Weber indicated "he would be happy to meet with a delegation from the local area" Booth said.

The letter is expected to be presented at council at their next regular meeting.

Since the report recommending a change in the

## $1000 damage as car rolls

A single car accident late Saturday night resulted in $1000 damage to a 1968 automobile, according to Minden OPP.

Police say Carmen B. Barry, 28, of RR 1, Haliburton was eastbound on Highway 530 at about 11 p.m. Saturday night when the car skidded on packed snow and rolled over on the north snowbank.

Barry was not injured.

Construction to start next week

## IGA to build new store

The IGA store in Haliburton will be moving to new quarters before the summer, if present plans are carried out. Store owner Chuck O'Neill said Monday that a new store will be built on a lot next to the Red & White store, with parking for 75 cars in front and a floor area of 7,200 square feet, three times larger than the present store. Construction is expected to start within the next week.

O'Neill said the present store, which is owned by Marshall Leighton, will remain, and may be converted to another use in the future.

The new store will be built as close to the rear of the lot as possible O'Neill said. The brick structure facing Highland Street, which contains the office of Vasey Real Estate, Sears, Highland Tack and Shoe, Dodds Cycle Shop and Bruce's Barber and Tackle Shop, will be demolished.

Buck's Barber Shop will remain as it is O'Neill said.

Contructor for the new building will be John Beachli Construction, and other local contractors are expected to be used for the project, O'Neill said.

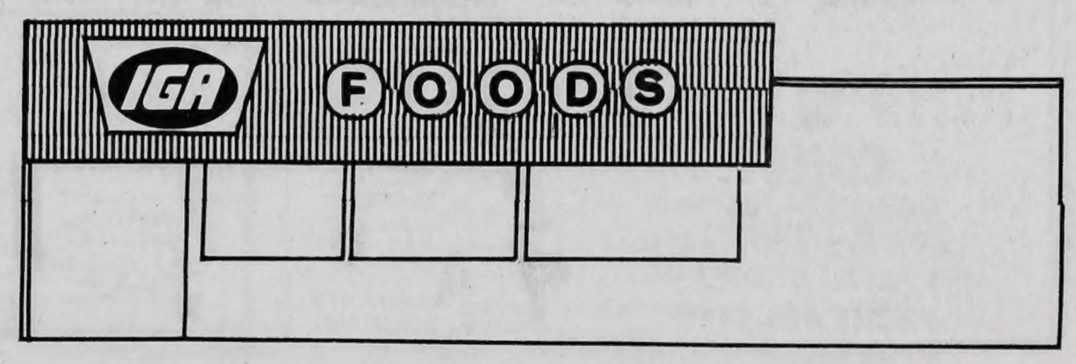
The new store may be the first step in the construction of a plaza on the site. "Eventually, we'd like to add several smaller stores" O'Neill said.

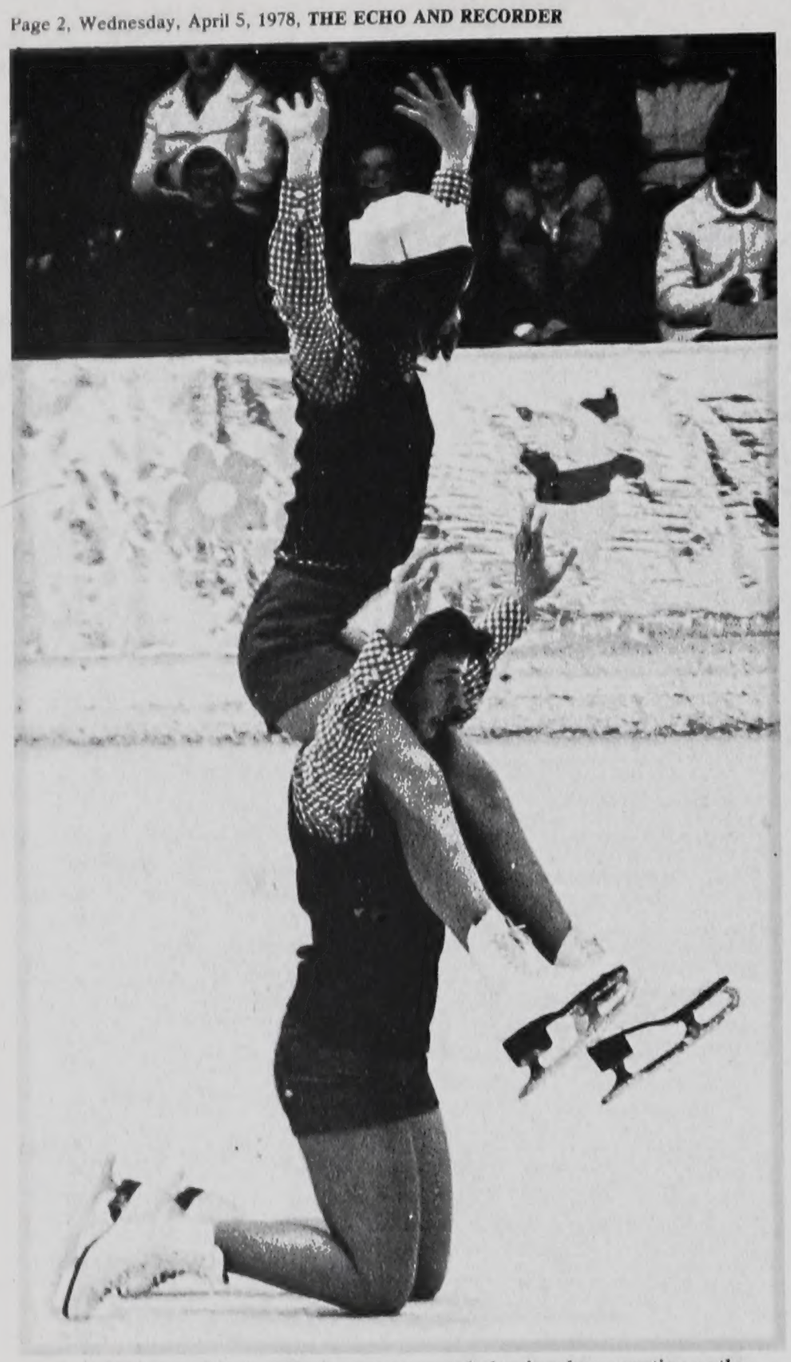
The idea of a plaza on the site has been around for some time, O'Neill said, but no firm plans have so far emerged. "We've taken over the project ourselves" the IGA owner said. "We've pushed ahead to get our own store."

The larger quarters will mean more staff, O'Neill said, but the number of employees who may be added to staff the new store isn't known yet. An instore bakery is also planned for the future in the new building.

O'Neill said the new store will allow for a bigger variety of stock, and for a greater number of sizes in stock.

The building, of cement block and steel construction, is expected to be completed in time for increased summer business, O'Neill said.





Warna Blakey and Andrea Burk put on a crowd pleasing dance routine as the Minden figure skating club presented its final program of the season in Minden, Sunday.

# Minden figure skaters please crowd

The boards were decorated and the seats were filled with expectant parents and friends at the Minden Arena Sunday afternoon for the finale of the Minden Figure Skating Club season. And though things didn't always go right, especially with the taped music, the 29 girls, who range in age from pre schoolers to teenagers, put on a skating display that frequently drew applause from the audience.

The main event in the afternoon of skating was "The Cinderella Story", a production that involved all 29 members of the club. Costumes for the production were made under the direction of Joan Pritchard with the aid of many of the skaters' mothers. The production gave the girls a chance to display the skill and techniques of figure skating which they have been working on through out the winter under the direction of teacher Kelly Beeney. Considering the problems of getting so many youngsters on and off the ice at the right moments, the production went off almost without a hitch, and the smiles on the faces of most of those in the audience showed an appreciation both of the skating and of the excellence of the costumes. Particularly delightful was the presence of Mr. and Mrd. Lorne Coburn of Minden, who played the Kind and Queen, on skates, for the scene in which Cinderella attends the ball.

During the intermission which preceded the second half of the program, four senior citizens in pioneer costumes took to the ice to demonstrate that skating isn't and activity reserved exclusively for the young.

The second half of the afternoon's skating display featured a number of solo and pairs demonstrations. Varna Blakey and Andrea Burk did a pairs dance that featured some exciting skating to the music of "Sir Duke". Other solo dances were performed by Bette Joe Clayton, Tammy Pritchard, Diane Clayton, Andrea Burk, Adele Wray, Sharin Gilligan, Jo-anne Kerr, Wendy Buchanan, Kirstan Monk, Warna Blakey, Shona Ross and Tammy Short.

Also skating during the second part of the program were the Junior "A" Chorus Line of Tyna Hie, Tammy Holland, Tanya Willis, Teresa Willis, Misti Campbell and Annette Sisson.

The Junior "B" Chorus Line of Christa Irwin, Diane Garbutt, Julie Hall, Kelly Anne Little and Gillian Gilligan performed to the fast paced "Boogie Woogie Bugle Boy".

Skating to the theme from "Star Wars" was the Intermediate Chorus Line of Sylvia Wingat, Elaine Sisson, Bonnie Moffat and Margaret Anne Brown.

The Senior "A" Chorus Line of Tammy Pritchard, Wendy Buchanan and Joanne Kerr skated to "Baby Face".

Finishing off the afternoon of skating was the Senior "B" Chorus Line of Andrea Burk, Adele Wray, Diane Clayton, Warna Blakey, Shona Ross, Tammy Short, Sharin Gilligan, Bette Joe Clayton and Kirsten Monk, who performed to the tune "We will Rock You".

The Minden Figure Skating Club under the direction of club president Elaine Blakey, is sanctioned by the Canadian Figure Skating Association.

# Theft of boat just discovered

A thief or thieves who stole a boat and motor from a cottage on Bear Lake, may have had as many as five months to make a getaway.

Minden OPP report that a 1975 boat valued at $3,500., and a 1975 105 h.p. outboard motor worth $2,500 were stolen from the cottage of Russell Scott on Bear Lake. Scott had not visited the cottage since October 15 when he returned March 26 to find the boat and motor missing. OPP say the boat had been stored under a sundeck at the cottage.

Total value of the theft is $6000. The incident remains under investigation by PC Barnes of the Minden detachment.

A vandal or vandals went on a window breaking spree in Haliburton sometime late Friday night or early Saturday morning, Minden OPP report.

Two windows on separate doors at the offices of the Haliburton County Board of Education were smashed through the night. The windows were valued at $40, police estimate.

Haliburton Speedwash, owned by Richard Biagi was also vandalized, when a small window in a door, valued at $10 was broken.

The incident remains under investigation by P/C Buchanan.

# Forest fire hazard exists in April

The forest fire season in Ontario begins officially on April 1, and extends until October 31 each year.

The months of April and May represent the most critical part of the entire fire season in some districts when half the season's fires often occur.

What sets April and May apart from the balance of the season is the abundance of dead grass and leaves. These, combined with warm sun and the irrepressible nature of man, are a perennial threat to the forests of Ontario.

Dead leaves and grass can become tinder dry after only eight hours of sunshine! Even though buried beneath two feet of snow for five months and drenched with an inch of rain the day before, dead grass and leaves will readily ignite at the drop of a match after less than a day of sunshine.

Burning fields of dead grass and piles of debris are almost spring rituals for year round local residents who pose the greatest threat. Cottagers are a close second.

The Ministry of Natural Resources advises residents and cottagers to prevent forest fires by transporting all garbage, dead grass, and accumulated debris to their

Cont'd. page 10

# Monmouth seniors 'adopt' children

You're never too old to adopt children, if the children you adopt are among the millions of needy in countries around the world. That's the way the members of the Monmouth Senior Citizens Club feel anyway. Last month, they "adopted" three children, two who live in the Phillipines and one in Indonesia, through the Salvation Army.

The Monmouth Club, which has a membership of close to 100 area seniors, decided to adopt the children after a local church group informed them of the Salvation Army "adoption" program. The group pays $15 a month, $5 for the support of each child, and the money comes out of general club revenue. All three children are residents of Salvation Army Childrens Homes in the contries where they live.

Didi Djuanda, who is seven years old, lives at the Salvation Army Boys Home in Bandung, Indonesia. He is the fifth child in a family of seven children. His family is very poor, and when his father became ill last year, he was admitted to the home, giving him a chance to go to school for the first time. The money paid by the Monmouth Seniors helps to give him regular care and good meals, something he might otherwise not have had.

Bernardo Villegas and Lolita Manelo are both residents of the Salvation Army Bethany Childrens' home in the Phillipines. Bernardo, who is ten, comes from a family of eight children who were living in one small room. At an early age, he experienced the problems of his family's small income, and sold things at the local market to help the family survive, according to a profile of him sent to the Monmouth Seniors by the Salvation Army. He is now a grade 2 student at the school, is doing well with his studies, and is said to enjoy basketball, reading and singing.

Lolita, who is seven, is one of six children. When her father died, her mother was forced to make what money she could as a laundry woman. But she could not make enough to support the family, and Lolita was admitted to the Bethany Childrens' Home.

Though government regulations in Indonesia and the Phillipines make it impractical for the Seniors to forward any gifts to the children, they can send them post cards, birthday and Christmas cards.

The Monmouth Seniors meet every Tuesday at the Lloyd Watson Memorial Centre in Wilberforce.

## OPP report

The Minden detachment of the Ontario Provincial Police report the following activity for the period of March 27 through April 2, 1978.

During this period the staff investigated 33 general occurrences and one motor vehicle accident.

One break in was reported, five cottages were found to be insecure, and two compassionate messages were delivered.

## DREE funding unlikely

From page 1

yees.

From September of 1977 to February of this year, some 221 orders were handled in the office. Most of the jobs are temporary or seasonal, Northgrave said, and all of them were filled.

While the job situation in the County is not exactly rosy, there is a constant stream of job orders through the Outreach office, which works in conjunction with Canada Manpower Centres in Lindsay and Peterborough. "You can't say that there aren't openings" Northgrave says. "There are openings, but they're not always right for the people who are available".

A number of federal and provincial programs have been available throughout the winter months to aid in job creation, and they have been used by Haliburton businesses, Northgrave said.

There are currently 23 employers in the county using the Job Experience Training program (JET), and 30 people have been hired. The program offers employers subsidies of up to $1.50 an hour to create jobs for people between 16 and 24 who have been out of school for not morle than two years.

Twenty people have been hired through the Ontario Career Action Program which pays individuals $100 per week for a 16 week training program with companies and businesses. The Canada Works program has also provided some jobs in Haliburton County, Northgrave said.

The sewer work that has been going on recently in Haliburton and Minden has also opened a few jobs, Northgrave said.

"One of the big jumps for us throughout the fall and winter has been the availability of a program called Canada Manpower Industrial Training, CMITP", Northgrave said.

"It's taken us a year to let the employers know what their rights are, and how they use the program, and now that they've used it, they're coming back".

Under the program, a lumber company might teach an employee to become a head sawyer of a debarker, or a truck driver might be retrained to become a route salesman.

An employee with special needs, one who has been injured or ill and cannot resume his or her old duties, can be retrained for another job, and the government will pay 85 percent of the employee's salary for the retraining period. An unemployed person hired through the program has his salalry 60 percent subsidized, and someone already working who is retrained on the job is 40 percent subsidized.

Students seeking summer work have also been registering in substantial numbers with the Outreach office. The students, Northgrave says "are better than a lot of the adults" in that they keep in touch with the office to see what jobs are coming available.

Though the federal government has recently increased the qualifying period for unemployment insurance benefits to 12 weeks, there has been no decrease in applicants for the benefits, indicating, Northgate points out, that a lot of people have been able to find at least 12 weeks of work in the past few months. "There must be areas worse off than us" she says.

The Outreach office gets new job opening almost daily, and they continue to be filled.

"The name of the game" Northgrave says, "is to get the jobs, fill the jobs, and lower the unemployment figures".

## Minden hospital

From page 1

hospital from its present function to a clinic centre, with the bulk of in patient hospital care shifted to Haliburton was presented, a number of letters and briefs have gone into council defending the Minden Hospital's continued existence in its present form. A file of those letters and briefs has been opened, and may be used as ammunition in a fight to keep the hospital operating, council decided at its March meeting.

Booth said a takeover by Anson, Hindon and Minden council wouldallow the municipality to "update the operation and run it with a closer eye" than has been the case under the Red Cross Hospital Board.

## DREE help needed

There may not be any instant cures for Canada's economic ills, but administering some proven medicines could speed the time it takes for a recovery. Yet the government consistently refuses to give those medicines a chance.

Instead of the shot in the arm that the economy needs, the minister of finance dispenses sugar coated pills that may be temporarily pleasing, but which do nothing for the disease. The $300 tax cuts that lasted through January and February were one of them. They were intended to promote consumer spending and give a boost to the economy, but their effects were little felt.

To boost the sagging dollar the government borrowed three quarters of a billion dollars to buy Canadian dollars, and yet the dollar continues to fall.

It's time the government set its sights closer to home.

In Haliburton County, there are a great many people who are compelled to go on unemployment insurance every winter because there are no jobs. Unemployment Insurance costs all Canadians close to a billion dollars a year, and much of that money is wasted.

Unemployment Insurance doesn't create jobs, but programs that would are not available to the County. Department of Regional Economic Expansion (DREE) loans are a prime example. Haliburton County Council, with the help of MP Bill Scott, have been pushing to have Haliburton County made eligible for DREE funding, so far without success. The government would do well to listen.

Industry that would employ people year round is the only hope Haliburton County has of reducing unemployment. Yet without the kind of loan support made available under DREE, there is little likelihood that any industries will choose to locate here.

All the make work programs the government can think of accomplish nothing, because they don't create real jobs that will last more than a few weeks, and because the money that is spent on them is not generated through production, but is transferred from taxes.

DREE loans to industries create real jobs, not the illusion of jobs the government insists on to keep unemployment statistics lower than they really are.

It's time some effective medicine was prescribed for our ailing economy.

## Farmers work for all

Farming in Haliburton County may be far behind tourism on the scale of economic importance, but many of those who farm in this area don't take a back seat to anyone when it comes to getting things done. That was proven last week when the Veterinary Services committee of the Haliburton County Livestock Producers Association announced it had approved the application of a veterinarian who wanted to relocate in Haliburton County.

The acceptance of the vet's application by the committee ended almost a year and a half of work by a few dedicated farmers.

Few people realize that there are indeed farmers in Haliburton County. The land isn't the best for farming to be sure, and most of the farms are small and marginal, but that doesn't deter the approximately 150 farmers in the County from doing what they enjoy doing none-the-less.

Until the Livestock Producers Association was formed, there was nothing to bind area farmers together. Since its formation that has changed. The Association has almost 100 members, and they meet regularly to discuss matters of interest. But though their primary aim is to make farming as viable as possible in Haliburton, their efforts benefit all County residents.

The veterinarian who will be coming to Haliburton will set up a large animal practice. He will receive $8000 a year from the Ministry of Agriculture and Food, and his mileage, when he treats Association members animals, will be paid for by the Ministry.

Because the Livestock Producers felt the vet was so necessary, they offered to contribute $20 each toward the yearly cost of subsidizing the vet. It is a move that deserves notice.

If the Livestock Producers had not worked to get a vet, no one else would have. Yet his presence in the County will benefit everyone who keeps animals of any kind. Besides the large animal practice, it is expected the vet will set up a clinic for the treatment of family pets.

The farmers of Haliburton County may not be very visible, but their work behind the scenes to get a vet has made the County a better place.

## Letters to the Editor

**To the Editor:**

This year, the Town of New Liskeard, Ontario is planning its 75th Birthday, and in conjunction with these festivities, a School Homecoming event is programmed.

All former students and staff who attended any school in New Liskeard, at any time, are invited to participate. It is anticipated that the New Liskeard Secondary School will be open for hosting visitations on Saturday, July 1. A mammoth dance and reunion is planned in the town arena that evening.

To assist the Planning Committee in finalizing arrangements and to have your name put on our attendance list, please contact the New Liskeard School Homecoming, P.O. Box 730, New Liskeard, Ontario. POJ 1PO.

Would you please forward the names and addresses of other former New Liskeard students and staff of whom you are aware, who will want to take part in this event?

**Yours sincerely,**
**Jack Willars,**
**Chairman,**
**N.L.School Homecoming.**

**To the Editor:**

First of all, I would like to publicly thank those individuals who have assisted me in the co-ordination of Ontario's Heritage. A Guide to Archival Resources, by responding to my requests for lists of club, church, township, county, educational, institutional and municipal records in Peterborough, Victoria and Haliburton Counties. I am indebted to their co-operation and assistance.

At the same time, I would make one last plea to those to whom I have sent letters without reply. I feel that there may be some misunderstanding as to my intent, and a resulting reluctance to respond to my query.

The primary purpose of this guide is to indicate the various types of records which are being and have been, produced in these three counties, along with inclusive dates for the actual material which still exists. It is in no way an attempt to physically remove records from locations; on the contrary, it means to indicate where records of various types my be found, whom to contact, and the quantity of material available.

I am not interested in garnering information only about 'old' records. Whether an association, club, church, newspaper or church group has been formed for one, or one hundred, years, I would be interested in knowing, and by the same token, making this information available to others who may not otherwise have the opportunity or means of finding it.

The guide is not only aimed at the person who researches or examines the past, but also for those of the future who will depend on the records of today to carry out their research, whether academic, professional or merely inquisitive. I have been very pleased with the response to my various requests over the last year; I look forward to receiving additional responses to these requests which I can then add to the Guide. My deadline is mid-April. Thank you.

**Yours sincerely,**
**Robert D. Taylor-Vaisey,**
**Regional Editor,**

**Dear Editor:**

We are very grateful that you have spent so very much time answering our letters and investigating the wolf topic. We discussed your open letter and found it very interesting.

Thanks very much from all of us.

**Andrew Lottridge**

## Editor's Notebook by Len Pizzey

"There's something you have to realize whenever you talk about Canadians" a friend of mine once said, "and that is that this country is fundamentally uninhabitable."

It struck me later, when we hadn't been able to define what it is to be Canadian, that he had come very close to striking the nail on the head. There is more truth in the statement than I had ever cared to admit.

What makes this country "uninhabitable" is firstly its size, and secondly its climate. Lately, it has also seemed that its economy has been a third factor, but that's another matter.

It's the size alone that would convince you of the impossibility of this country. Last summer, I drove to the far side of Vancouver Island, and along the way, I often felt like a foreigner in my own country. It wasn't that the people I met tried to make me feel that way. It was just that they lived a different kind of life that seemed incomprehensible to me. Driving across hundreds of miles of flat prairies, passing farms that are hundreds of miles from cities, made me wonder about how people could live in such places. And yet they do, and they are part of the country we call Canada. But what makes them Canadian?

It's a question that didn't mean much in the past, because we were too busy trying to get the country on it's feet to worry about what the country meant. Now that there is more time to reflect on what we are, and now that many of the people of Quebec have decided that whatever we are, they don't fell a part of us, the question is becoming important.

Pierre Burton one said that the difference between Canadians and Americans is that Americans believe in freedom, while Canadians believe in order. And we do. But more than that, Canadians are a people who define themselves less by what they are than by what they are not.

We say we aren't American, and we certainly aren't British. We're less formal than the Swiss, less ambitious than the Germans, less industrious than the Japanese.

But that doesn't tell us what we are.

This past week or so, I've been feeling, like everybody else, that is the winter doesn't soon end I'll go mad. And that feeling made me understand

## Feir Play by Creighton Feir

It seems to us that Amherst New York is fast becoming one of the hot beds of hockey. They seem to have a great minor hockey system going over there and the end results seem to us to be that it won't be too much longer before we will see players in the National Hockey League from that city. If you will recall it was a team from Amherst New York that were the winners of the Lake Kashagawigamog Tourist Association's Atom Hockey tournament held recently in Haliburton. When I picked up the Toronto Star, a week ago Monday, I noticed on the sports page that the Amherst New York Tyke's hockey club had won the Grand Championship at the Timmy Tyke hockey tournament held at Maple Leaf Gardens in Toronto. There is no doubt about it, hockey is really catching on in the United States with thousands of boys now participating in the game.

Some local citizens have been telling us that when they start the re-development of the downtown area in Haliburton that they should make sure that they put lights on both sides of the main street, instead of just on the one side which is the case at present.

The world around us is changing every day and the Toronto Star ran an article recently telling with the heading "Adapt or you'll die churches are told". The president of Air Canada thinks Christian churches could learn a lesson or two from big business. "Business has had to change to survive," Claude Taylor told a group of Christian professionals this week. "The church had not changed and much of it is dying." Taylor said the church "has to change with the world, yet still preach the message of the gospel, and have it meaningful to today's world. The airline president was responding to questions - some of them anti business - after speaking on Christian ethics and big business. We agree with Mr. Taylor in his above remarks. We have seen right here in our local community many needed changes being made in churches, but there are still a few holding on to traditions and if this continues the young people will be turned off and the church will die. Things must change and the church must come alive. Mr. Taylor said that he prays a lot for help in making the right ethical decisions. "If I didn't have the hand of God to put mine in, I couldn't survive."

Our congratulations this week go out to the Minden Juvenile Hockey club who have now reached the All Ontario Finals. We join with all of the sports fans in Haliburton County in wishing them the best of luck and we hope that they can go all the way. They had a tough series with Havelock but they stayed right in there and came out victorious. The Minden Bantams are also heading for the top and good luck to them also. Minden have a new arena and some winning hockey clubs.

When television first started there were many good programs that were well worth watching. We are talking about the great musical programs, the variety shows and the good clean situation comedies, but little by little they have drifted away and are now off the air. We were certainly disappointed when the Mary Tyler Moore Show ended and now Carol Burnett the last of the good variety shows has gone. Last week we can honestly say that it was a pleasure to watch the hour long TV special a Tribute to Mr. Television himself, Milton Berle. Uncle Miltie as he was known was the man who was on Television when it first started, when the going was rough and the shows were done live. Just think of the many hours of happiness and laughs he brought into peoples lives on his weekly show that lasted for many years, and in other words you might call him the founder of T.V. All the good programs are gone and we are left with nothing, but, crime, violence and sex shows on the tube. It's too bad because if there was ever a time that we needed a few laughs, it's now.

I don't want to sit here and spread any more gloom and doom than we already have, but as citizens of Haliburton County, it's just about time that we sat down and took stock. The crunch has finally arrived and those in the tourist industry, businessmen and citizens have finally come to the conclusion that if we don't soon get some small industry into the county, that there is a chance that we are all going to go down the tube. The cream is off the crop and unless something soon happens, you are going to find a lot of people out of business and out of work. We must strive toward the goal of getting a more balanced economy as we think that everyone is finding that we just cannot exist any longer on two months of good solid business. We have got to stop kidding ourselves and face the facts.

Haliburton's Second Pirates' Bonanza is in full swing and it runs from Wednesday, April 5 to Saturday April 8. A key is included in each special Bonanza section that you will find in this weeks issue. This is your opportunity to try your key at the participating merchants which are listed on the front page of the supplement. We hope that you will not only try your key but look around the places of business who are participating and see the great variety of merchandise that they will have on display. It's your opportunity to get out and meet your friends and try your key.

For everything there is a season, and a time for every matter under heaven:
- a time to be born and a time to die:
- a time to break down and a time to build up;
- a time to weep and a time to laugh;
- a time to cast away stones and a time to gather stones together;
- a time to mourn and a time to dance;
- a time to keep and a time to cast away.

May we remind you that if you haven't already sent in your donation to the Easter Seal campaign please do so right away. Possibly it has been an oversight, but get out your pink envelope and return it today. The Crippled Children are counting on you.

Creative Sound and Light Inc. A Christian Charitable Corporation specializing in the upgrading of the Gospel of Christ by the use of Multi Media will be leading a unique worship experience at St. George's Anglican Church this Sunday, April 9th at 11:00 a.m. Their presentations include the Power and Energy of the sea, the beauty of the trees, flowers and the glory of man's art and architecture set to the beautiful music and with narrative. A special event indeed.

# Report from Queen's Park

*by MPP John Eakins*

The Minister of Consumer and Commercial Relations has announced revised Advertising Directives for Producers of Alcohol Beverages, which are more comprehensive and more restrictive than existing guidelines.

New restrictions have been added on lifestyle advertising. For example, beer, wine and cider advertisers must take into account ... the likelihood of minors and adult non-users being exposed to their advertising. The probably audience ... for an advertisement must consist primarily of drinking age adults. Advertisers are required to prepare ... an annual report ... containing data on the ages of those exposed to their advertising in the previous one year period, based upon independent qualified sources such as the Bureau of Broadcast Measurement and the Print Measurement Bureau.

The advertisements are to emphasize the nature and quality of the product, and not to imply that social acceptance, personal success, business or athletic achievement may result from the use of the advertised product. Advertisements should be directed to promoting the merits of the particular brand, to promote brand preference, and should not suggest that the consumption of alcoholic beverages is a significant factor in the realization of the enjoyment of any activity.

Advertisements must not suggest that participants in work, sports, hobby, recreation and other similar activities should consume alcoholic beverages whilst engaging in their work or other activity. Nor may advertising suggest that consumption of alcohol in any way enhances performances or enjoyment of these activities.

Most important, advertisements must not appear to suggest or recommend the consumption of beer, wine or cider prior to the driving of a motorized vehicle, or participation in any sport of activity in which the participants' safety is dependent upon normal levels of alertness, physical co-ordination of speed of response, except in authorized messages of moderation. Nor should any advertisement depict or suggest any activity which is a breach of the Liquor Licence Act or any other Provincial Statute.

Frequency of broadcast advertising has been reduced, and the new Directives specify that no company may advertise more than 75 minutes a week in any calendar year, and that the weekly average is not to exceed 55 minutes. For TV, the weekly maximum per station is 35 minutes, the weekly average not to exceed 30 minutes.

Messages suggesting under-age drinking will not be permitted, nor will advertising in publications having a readership predominantly under the drinking age, or during broadcast time with a predominantly under age audience.

Questioned in the Legislature, the Minister of Labour has stated that the Ontario Government is trying to find ways to persuade the Province of Quebec not to bar construction workers from Ontario from jobs across the provincial boundary. Asked what she would do to fight a new regulation in Quebec that would restrict construction jobs to those with experience in that Province, she admitted that she has given up hope of changing the Quebec Government's mind about making the new rules effective July 1st. Some 15,000 workers from Quebec now hold jobs in Ontario, the Minister said, mainly in Ottawa, the Cornwall area and North Eastern Ontario. Of those, a large number are in construction jobs, because Ontario does not restrict jobs to residents. For some 15 years, Quebec has required a permit for construction workers from outside the province, and the permit will be much more difficult to get when Quebec work experience is required as well. The Minister said she has no idea how many Ontario residents hold jobs in Quebec, but figures produced by the Parti Quebecois for last year suggested there were only a few hundred.

The late James A. Fairfield, standing on the stump of a huge tree he felled with an axe at the age of 66 years, when clearing the Fairfield properties on Mountain Lake. Our thanks to Wilfred Fairfield of Fenelon Falls, Ontario for submitting this photo.

Shown above in the riding member's Ottawa office are (left to right) Dave Murray, Warden of Victoria County, Keith Tallman, Warden of Haliburton County and Bill Scott, member of Parliament for Victoria-Haliburton.

# Report from Parliament

*by William C. Scott, M.P.*

Bill Scott, M.P., Victoria-Haliburton was pleased to host the warden of Victoria and Haliburton counties recently when they visited the nation's capital to attend the National Prayer Breakfast.

Dave Murray and Keith Tallman travelled to Ottawa March 15 as invited guests to the annual Parliamentary Prayer Breakfast for national leaders from across Canada. The national Parliamentary prayer breakfast has been held in Ottawa for the past 13 years and brings together responsible leaders in a spirit of meditation and prayer for themselves and their nation. The breakfast further serves as a quiet demonstration that many men and women in positions of responsibility place a high priority on spiritual values.

In addition to the breakfast on the morning of March 16, Wardens Tallman and Murray attended an evening dinner meeting the night before where they met various parliamentarians and other individuals involved in the prayer breakfast organization. Speaker for the morning meeting was Jacques Dupuis, Q.C., a Montreal attorney who has served as vice-president of both the Canadian and Montreal stock exchanges, and presently serves on the Quebec commission for Alcohol control. One of the speakers at the evening meeting was Tom Skinner, former black gang leader from Harlem in New York City. Other Parliamentary prayer breakfast speakers in recent years have included such individuals as Jean Belliveau of the Montreal Canadians, and Chuck Colson, former special assistant to President

# Bill Smiley

There are times when I am convinced that I was born 30 years too soon. One of them occurs when I see the wonderful opportunities for travel that young people have today. They make me pea-green with envy.

When you and I were young, Maggie, most of us didn't get much farther than the next town. A minority visited the city occasionally, and it was considered a big deal. And a whale of a lot of people never did get to see a big city in their entire lives. And were no worse off for it, of course.

Man how that has changed. Nowadays, young people go galloping off to the four corners of the earth with no more thought about it than we'd have given to a weekend in the city. They're so blase about it that it's sickening to an old guy like me, who has always yearned to travel, and never had the time or money or freedom to do it.

In my day, during the Depression, the only people who could afford to travel were the hoboes. They could afford it because they didn't have any money. They rode free on the tops and inside the box-cars of freight trains. And they didn't have any responsibilities except the next meal and a place to sleep.

Looking back, I was one of the lucky ones. Most of my generation of youth was forced by circumstances to stay home, get any job available, and hang on to it like grim death, never venturing forth on the highroads of life. I was the envy of my class-mates, when, at seventeen, I nabbed a job on the upper lake boats, and could come home bragging of having been to such bizarre, exotic places as Duluth, Sault Ste. Marie, Detroit, the Lakehead.

Today's youngsters would sneer at such bourgeois travels. They exchange anecdotes about Morocco and Moscow, Athens and Australia, Paris and Port-au-Prince, Delhi and Dubrovnik. Fair nauseates me, it does.

By the time he was 22, my own son had lived on both coasts of Canada, been to Mexico, New Orleans, Texas, Israel, Ireland, and a hundred other places that are just names in an atlas to me. Right now he's in Paraquay, South America, and has visited Argentina and Bolivia. He speaks four languages, I speak one, not too well.

My nephews have seen more countries than Chris Columbus or Sir Francis Drake. One's an airline pilot and knows Europe, North America and the West Indies the way I know my way to school. Another has worked in the Canadian north, Quebec, the Congo, Jamaica, and is now living in Costa Rica.

My nieces are just as peripatetic. They've been, among them, to the West Coast, France, England, Russia. A four day trip to New York, for them, is scarcely worth mentioning. Migawd, I'd have given my left eyeball to see New York when I was their age! I thought it was pretty earthshaking the first time I saw Toronto. Toronto, ye-e-c-ch!

Thousands of university students annually take a year off, borrow some money, stuff a packsack and head out for a year of bumming around Europe, the Mediterranean, North Africa, India. Rotten kids!

In the last decade, the travel bug has spilled over into the high schools. Some of them are beginning to sound like agencies, with frequent announcements over the P.A. system:

"Will the group going to Rome in the winter break please assemble in Room 202 at 3:30 for a lesson in tying your toga."

"All those taking the Venezuela trip are requested to see Mr. Vagabond in room 727 at 3:15 today."

"Those who are involved in the spring break trip to the Canary Islands should have their passports by March 1st."

"There will be a meeting today in Room Quatorze for all students going to the Quebec Winter Carnival. No separatists, please."

"An urgent meeting will be held today for those who plan to take the London-Paris trip during spring break. All seats are now filled. If enough are interested, we'll hire another plane."

It fairly makes your head swim, especially when your own idea of a trip south is 100 miles to the city for a weekend, a trip west means a visit to great-grandad, and a trip east means you're going to a funeral or a wedding among the relatives.

Next thing you know, this travel will bulge over into the elementary schools, and great 747-loads of little shavers from Grade Eight will be descending on the unsuspecting residents of Hong Kong and Rio de Janeiro. Lord help them. The residents, not the kids.

Perhaps this sounds like sour grapes. Well, it is. As Shaw said: "The trouble with youth is that it is wasted on the young." And as Smiley says: "The trouble with travel is that it is wasted on kids who don't know a Grecian urn from an Italian pizza."

Oh, it's not that I haven't travelled. I've been to Great Britain. And spent two years staggering around in the blackout or wading through the torrential rains of bonnie Scotland. I've been to France. Slept five weeks in a tent in an orchard in Normandy. Been to Belgium. Antwerp; buzz-bombs. Know Holland well. Spent two weeks locked in a box-car in a railway siding at Utrecht. Am intimately acquainted with Germany. Was bombed in Braunsweig and Leipzig, and spent a delightful six months in salubrious Pomerania, as a guest of the Third Reich.

Oh, I've been around all right. But somehow it wasn't quite the same. Rattling through Deutchland on a train with a 10-day stubble of beard on your chin and a tag-end of sour black bread stuffed into your battledress blouse is not quite similar to climbing aboard a 747 with your tote-bag and waiting for the stewardess to bring your first meal.

Would I trade? Not on your life.

## Livestock phone-in

Agriculture Canada's free phone-in service for livestock markets information is proving popular with the public.

The service, which has been available across the country on Zenith lines since November 1, 1977, now is receiving about 700 calls a week.

"Prior to November, our national livestock markets report had been available to all sectors of the industry through a user-pay telephone line to Ottawa," explains John Duvenaud, national livestock market intelligence co-ordinator.

"Now that this basic information is available at no charge, more people are taking advantage of it.

# From the Chamber

BY BOB STINSON

**Sportsman Show**

It's great to be back. After twelve days down in the "Big Smoke" working at the Sportsman show it certainly is wonderful to be back home in the Highlands, and we would like to thank all of you who dropped around to say hello.

This year's show was even more successful than its predeccors. We understand that overall attendance was up by over 25,000 and that Good Friday was a record day for attendance. Our display being twice the size it has being in previous years, and featuring the Bombi Groomer, created a great deal of interest. The Bombi stimulated not only a lot of curiosity but a good deal of conversation concerning snowmobiling and general winter activities in the Highlands. As a result of this we do feel that we did more towards promoting winter tourism in our area than in the past.

Our display also featured four large oil paintings of the Highlands courtesy of Murray McCheyne Stewart, the artist. These beautiful paintings also attracted a lot of attention, and stimulated a good deal of conversation regarding the Haliburton School of Fine Arts where Mr. Stewart will be instructing this summer.

We sincerely wish to thank Ken Fielding and Dick Stewart who delivered and picked up the Bombi and the back drop for the display at the show. We would also like to thank the Rockcliffe Hotel for the loan of two bar stools which made life much more bareable for those working in the booth, and Hunter Lumber for the use of a colorful rug.

For the last two years in order to balance the Chamber budget we have had to make our cost of participation in the Sportsman show self liquidating. We have therefore gone to our membership and asked for participants to spend fifty dollars to work in our booth for two days and display their literature there throughout the show. This year as last this has defrayed the expense of booth rental and allowed us to continue in this worthwhile show without adversley effecting our budget. Members who participated in this years show were Lake Kashagawigamog Tourist Assoc., Gary Vasey Real Estate, Newell & McInerney Real Estate, Bowes and Cocks Real Estate, Maple Sands Resort, Hospitality Inn, Sandy Lane Resort, Silver Eagle Cottages, Woodland Ranch, South Lake Trailer Park, and the Pine Stone Inn. We appreciate their support.

**1978 Lure Books**

A concentrated effort was put forth to have our new 1978 book ready for the Sportman show as has been the case in the past. This years book is following an entirely different concept then previous ones it did take a great deal more preparation than anticipated and we were rather late getting everything to the printer. We did however expect to have delivery by the first few days of the show. At this time of writing we do not have any copies of the book in our hands but have been promosed delivery by the middle of this week. At the show we handed out every last piece of last years literature and also took inquiries from over six hundred people requesting the new book be mailed to them. Our office is now processing these inquiries so that the book will be going in the mail as soon as it arrives. Inquiry lists will also be on the way to all accommodation members within the next few days. It is very unfortunate that this book is late in arriving but we do feel that this new and improved edition will be worth the wait.

**C.O.T.A. Annual Meeting**

The annual meeting of the Central Ontario Travel Association was held last Wednesday evening in Peterborough. At that meeting the Haliburton Highlands Chamber of Commerce did commit themselves to remain a member of C.O.T.A. for another year. This decision was made by the Chambers Board following a decrease in the requested fees from $4,000 to $2,800 per year. An executive was elected at this meeting and Dennis Casey, President of our Chamber, was elected as Secretary-Treasurer of C.O.T.A. Board. With this new input at the executive level it is sincerely hoped that we can help make C.O.T.A. something that will truly benefit all of us. Mr. Bob kennedy, from Kawartha was reelected for a second term as President, Mr. Bob Anthony of Quinte Isle was elected First Vice-President and Mr. George Lyons of the Highlands of Hasting was elected second Vice-President.

Mr. Doug Jure, Marketing Manager for the Ministry of Industry and Tourism addressed the meeting and suggested his Ministry is rather optomistic about this years tourism prospects. With the considerable attention being given the importance of Tourism by all levels of government, and economic implications of having the 7% sales tax dropped and our dollar discounted. Tourism should feel a very positive impact.

## Editors' notebook

From page 4

for the first time what my friend meant when he said Canada is fundamentally uninhabitable. It is a cold and hostile place much of the year. It's too big to cross easily, and too rugged to be heavily populated. It's too difficult to build roads through much of it, and too sprawling to stay united.

And yet somehow, it does, and barring the secession of Quebec, which isn't really likely, it will remain so.

But still, by rights, it is a geographically and politically impossible place, an uninhabitable country full of diverse people. Maybe that's as close as you can get to saying what it is to be Canadian.

## Slap Shot

*by Bill Davis*

Well it's all over for the Huskies as they dropped the seventh game in Lakefield last Thursday evening. Over 200 fans from Haliburton made the trip to Lakefield to cheer their beloved Huskies on. And what a game it was as they treated their fans to some exciting playoff hockey as they came from behind to take the lead only to falter in the dying moments of the game. Huskies we love you anyway.

One old timer from Lakefield, when asked how he thought the game would go, said "I have yet to see a Haliburton club give up" and how right he was as they fought to the bitter end.

Coach Rick Wood did a tremendous job with the team, throughout the season, building up desire and discipline on the team, ingredients which will in time produce a winner. There is no doubt in my mind that the Huskie management will see fit to ask Rick to lead the team again next year.

The Minden Juveniles probably think that they had the Black Donnelly curse put on them last weekend in Lucan as they put on a great demonstration of what no to do in a hockey game. Minden appeared to be awed by the strange surroundings as they were trounced severly in every department.

This writer has been travelling with this team and knows the type of hockey they're capable of playing, and they can be winners with a team effort. On the weekend it appeared their were 15 individual efforts displayed by the Minden club, and were guilty of strictly one way hockey by the forwards.

The defense, on the other hand, were Mr. Nice Guys as they allowed Lucan to wander when and where the liked and as a result the Minden goaltenders should sue the rest of the team for non support.

Let's hope that Minden can get back on track this weekend at home as this writer's opinion is that they have put out better teams than Lucan, and I fully believe they can beat Lucan by playing good team effort hockey. As the old saying goes "when the going gets tough, the tough gets going" and if they do Minden will become provincial champions.

Incidently Huskie management Don Lloyd and Brian Black have a few dollars less as they lost a bet to this writer on the Huskie series. Really Brian, 2-1 odds!

Cinderella, played by Andrea Burk, got a lift to the ball in her pumpkin carriage in Minden, Sunday - The scene was part of the Cinderella story which closed out the season for the Minden figure skating club.

## Trail series 2-0

# Minden Juveniles falter in Lucan

**LUCAN,** The Minden juveniles met the Lucan Irish team in Lucan on the weekend and as a result, find themselves behind by two games in their best-of-seven all Ontario finals.

On Saturday they bowed 5-2 in a game in which Minden seemed awed by the 2 million dollar complex in which they were playing. For two periods Minden fumbled their way through and only good goaltending kept the score respectable. Lucan, who appeared to be not as strong as the Havelock team that was eliminated by Minden, were given numerous opportunities by an inept Minden team.

In the third period Minden seemed to come out of the trance and started to play positional hockey and for a while it appeared they would make a game of it. Lucan had built up a 4 goal lead and managed to hang on for a 5-2 win.

Sunday's game started in the same fashion with Lucan scoring first. Minden once again appeared to go into a shell and confusion reigned as the Minden team allowed Lucan to wander around at random and at the end of two periods Lucan led by a 7-2 margin. Regular netminder Mike Bird, playing with the flu, was removed in the second period when he appeared shaky and was replaced by back up goalie Kelly Young who, despite the final score, played well until he was injured in the third period and Bird was recalled to play goal.

Minden came out in the third period and appeared to momentarily get on track as they scored early, but some costly penalties gave Lucan the opportunity to fire four more goals and go on to a devistating 11-4 victory, advancing them to within two games of a provincial crown.

Minden goal scorers in Saturday's game were, Kirk Potter and Dave Brown. Sunday's game saw Brian Shaw fire the hat trick and Dave Brown chip in with the single. On Sunday Minden coach Ross Warburton broke up the big line of Brown Shaw and Davies and moved Bill Musclow up and it appeared to give the line more aggresivness.

Next games in the series goes this weekend in Minden on Saturday night at 9:00 pm and Sunday afternoon at 3:00 pm where hopefully the Minden boys will get back on track and even the series.

PARTICIPACTION

# Travelways Huskies out with 9-7 loss in Lakefield

The Travelways Huskies have had their season come to an end in a sudden death seventh game in Lakefield last Tuesday evening as they came up short on a 9-7 score.

Lakefield came at the Huskies early and scored three unanswered first period goals to take a 3-0 lead. In the second period Tom Curry scored at the 4:50 mark, at 7:40 Joe Roberts narrowed the lead to 3-2, but at 13:18 Lakefield once again ran up a two goal lead. At 13:42 Roberts from brother Ed Roberts made it 4-3.

Lakefield once again ran the lead to two goals when they scored at 13:48. Randy Barras stole the puck at his own blueline and went in all alone to beat the Lakefield goalie to make it 5-4 after two periods.

In the third period at 5:35 team captain Barry Shaw tied the game as he scored from Roberts and Tim Bain. At 11:59 the Huskies took the lead when Joe Roberts fired his third of the night and the Huskies led at this point 6-5. The Huskies fired another goal seconds later, but the officials ruled no goal as a Huskie player was in the crease. At 13:01 as the Huskies appeared to be trying to hold on, Lakefield scored the equalizer and at 13:24 Lakefield regained the lead.

The Huskies tryed desperately to even the score and with just over a minute to go in the game Haliburton removed their goalie. The Huskies pressed, but just could not win the face offs with .12 secons remaining, Lakefield got the assurance goal into an empty net.

Lakefield has since played the first game of the next series with Wingham and Lakefield won it easily 7-2.

The demand for seats on the bus to Lakefield last Thursday evening forced a second bus and the large number of Haliburton fans in Lakefield seemed to spark the Huskies on. There were over 200 estimated Huskie fans at the game.

## Midgets stave off elimination

The Haliburton Tri County midgets are trying hard to stave off elimination in their finals series with Lindsay.

Last Saturday at the Dysart arena these two teams battled to a 3-3 tie which leaves the Haliburton team trailing five points to one in the series.

Haliburton goal scorers were Brian Lloyd, Chris Roberts and Terry Robinson, all with singles.

## Wednesday Bowling

Flo Henderson Bowled a 703 high triple with single scores of 267, 177, 259.

Other high triples were Linda Morrison 660 (225, 212, 223); Ev Stata 660 (215, 255, 190); Fran Woods 656 (206, 187, 263); Wes Stata 692 (221, 229, 242); Art Beatty 610 (196, 200, 214) and Beaulah Cowen 677 (156, 270, 251).

Singles over 200 were Gerry Pinch 225, Phyllis MacDuff 206, Nancy Stinson 210, Norma Scheefee 221, 218, Gord Bennett 204, Garnet Fagan 217, Loretta Henderson 225, Vi Cornish 203, Harry Henderson 202, 202, Shirley Hamilton 213.

Team standings are Hit and Mrs. 34, Aces 29, Snowflakes 28, Rebels 27, Criers 26, Harry's Angels 24.

## Maple Lake mixed bowling

Dan's Dynamoes took five off Audreys Angels, winning the last series. Fred's Foxes also took five off the Strikers and Ron's Rollers cleaned up on Lynn's Loafers, helped a lot by the fantastic bowling of Bill Korz who had 894 (410, 246).

Wes Stata also had a nice 829 (316, 310); Fred Cox 744 (276, 236); Ev Stata 705 (255, 247); Marnie Robinson 702 (269, 248); Audrey Fountain 686 (290, 209); Ronnie Robinson 681 (285, 215); Ed Cox 665 (240, 226); Harold Harding 633 (225); Morris Mac Lachlan 622 (223, 218); Albert Cox 626 (225, 213); Dorothy Robinson 620 (227, 202); Shannon Patterson 613 (297); Dan Harding 601 (217).

Other high games - Ron Robinson 248, Deb Harding 245, Marlene Cook 220, Jean Henderson 219, Rick 215, Fran Woods 205, Flo Henderson and Grace Downey 200.

Team standing: Dan's Dynamoes 44, Ron's Rollers 41, Fred's Foxes 40, Strikers 25, Audrey's Angels 22, Lynn's Loafers 17 points. High averages for the season - Ives Stata 238 and Ev Stata 211. High singles - Fred Cox 370 and Martha Harding 315. High triples - Ron Robinson 862 and Deb Harding 751.

Three weeks play-offs begin this week.

## Thursday ladies bowling

Jean Carr - 218
Lyn Frankland - 282
Peggy Brown - 211

Audrey Fountain leads with 671-238-221-212.

# Along the Trails

by Roy Bates

**APRIL OBSERVATIONS**

It was a good winter for snowmobiling! Even as this is written, Sunday, April 2, the trails are in relatively good condition. On a short ride this morning we discovered that creeks are not yet seriously flooded, ponds and smaller lakes are not watered up, and trails in wooded areas are firm with plenty of snow remaining. After three or four years of early spring break-ups this longer season is welcomed by snowmobilers.

It was a good winter for the industry as a whole. Sales of new snowmobiles improved over last year by upwards of twenty percent. Many of these were replacement units but used machines sold briskly as well. This means that several thousands of new snowmobilers took to the trails for the first time this winter, in the main on trails established and maintained by snowmobile clubs in resort areas, bringing with them a new vitality to the wintertime tourist industry. All signs point to continued growth in the forseeable future.

There was one area, however, where growth this year was not phenomenal. New memberships in snowmobile clubs did not keep pace with growth in the recreation. This is most disturbing, for it was, unquestionably, the successful efforts of snowmobile clubs to establish and improve trails that brought about the current up-surge of interest in snowmobiling. New snowmobilers ought to be clamoring to join clubs out of sheer appreciation, but they are not. Why not?

When the Ontario Government instituted assistance funding for snowmobile trail maintenance it neglected to legislate club protection. Funded trails became public trails and the incentive to join a club was effectively removed. Increasing numbers of snowmobilers are saying, "Why should I join a club when I can ride the trails for free?" They have not yet realized that without the clubs there'd have been no trails to ride!

This picture has to change. Without an adequate growth rate, clubs cannot go on subsidizing the Government in the provision of public trails. They will opt out of funding programs in order to declare their trails private. Unless, of course, the Government replaces that lost incentive.

After several years of trail funding some of the problems with the program have become apparent. The Ministry of Natural Resources realizes this and is now taking steps to correct them. Clubs participating in the program have been asked to submit a resume on the weak points a well as the good points of the project. They are asked to be candid. I am sure they will be.

The trend in snowmobiling today is toward long distance riding. The weekend safari and the week long trip. In light of this, the Ministry is placing greater emphasis on connecting trails, bridge construction, and trunk line corridors. This, of course, will bring a greater influx of "tourist" snowmobilers to cottage country, increasing trail maintenance costs in those areas. Clubs should ask that funding be scaled to the volume of traffic.

To ensure continued club participation in trails programs, the anti-club aspect of The Motorized Snow Vehicles Act should be removed. This is the section which states that funded trails must be open to the public. Of course they should be open to the public, but not necessarily free to the public. One way to get around this is to re-define "public", in the Act, as meaning that club membership is open to the public, and to provide riding opportunities on a temporary membership basis. Clubs should be very candid on this point. It would be a club-strengthening move and would, at the same time, be a source of revenue for trail development.

There are many other ways that the program can be improved, and I am confident that each participating club will, in its own way, point them out. The Ministry has provided the opportunity. It is now up to the clubs to get their views on record. Next year's program will be the better for it.

# Pee Wees face elimination in finals with Keene

The Haliburton tri county pee wees face elimination this Friday night when they host Keene at the Dysart arena at 8:00 pm.

Haliburton dropped the first game 4-2 and then were shut out in the second game 3-0. This Pee Wee team only lost one game in regular season play but now find themselves in play off trouble.

Let's get out and support this team this Friday night at 8:00 pm at the Dysart arena.

# Bantams lose to Langton

The Minden Bantams who are playing off with Langton for the all Ontario title find themselves behind 2-0 in the series.

Minden dropped the opening two games in Langton last weekend. In the first game it was to the tune of 5-1 and on Sunday it was a heartbreaker in a 6-5 squeaker.

Minden suffered a second setback when Greg Austin was lost to the team for a three game suspension for butt ending. Also Stanely Baker and Dave Lennie were lost with injuries.

The next games in this series go this weekend in Minden on Saturday evening at 7:00 pm and on Sunday at 1:00 pm.

# Couple's grandson skis freestyle

Not every grandparent would rest easily if they had a grandson who liked to soar off jumps on skiis, flipping and twisting, or who enjoyed racing down moguled (bumpy) slopes at breakneck speed. But Mr. and Mrs. Orville Austin of Haliburton don't seem to mind. Their grandson, Kevin Heikkinen of Calgary enjoys the sport of freestyle skiing, and that's enough for them.

Kevin is the son of the former Joyce Austin of Haliburton, now of Calgary, and Keith Heikkinen.

Kevin, who is 18, has been skiing since he was four years old, Mrs. Austin says, but he took up freestyle skiing only a year ago. Recently, he was one of the top six finishers at a freestyle meet held at Mount Norquay, in Banff, Alberta. The finish earned him the right to compete at the Realistic Cup National Freestyle finals at Georgian Peaks near Collingwood, March 17 and 18.

In that meet he finished second in aerials, seventh in ballet, and fifth in the mogul competition.

Kevin was in Haliburton recently to visit Mr. and Mrs. Austin following the event at Georgian Peaks.

# Curling Club

by Tom Stinson

Curlers and Friends; - Please take note that our Annual Spring Dinner & Dance takes place at Pinestone Inn - April 29, Saturday. Social hour from 6 to 7, dinner at 7. $10.00 each - or $20.00 per couple. Tickets available from Anne Hopkins at Bank of Montreal or Phyllis Woodcock. We would appreciate it if you get your tickets early - so we can estimate our attendance.

Play-offs are now under way in all leagues, and we expect these will all be concluded to allow us to have a social curling day on April 22.

Local curlers are still travelling. Linda and John Beachli went to Eganville and joined up with Brian and Helen Good to win the St. Patricks Trophy in a 3 game point spiel.

Clark Bailey with Gary & Chris and Doris Winter as well as the Collivers & Eversons journeyed to the big spiel at North Bay over last week-end - no prizes but great curling.

If you were watching the Silver Broom finals on Saturday and Sunday on T.V. you must agree it couldn't have been any closer finish and no discredit to have lost. Canada did well, but the Swedes and Norwegians are real sharpshooters. Canadian coaches have taught the Europeans just too well.

This year's Ladies Executive is serving as a nominating committee to prepare a slate for the election of officers for next season's Ladies Executive. Anyone wishing to nominate someone or to run for a position, please contact Kit Koehler, Pauline Brohm, Sheila Elston or Ann Lee. The election is tentatively slated to be held in conjunction with a fun night of Curling to finish off the year on April 11. Members will be contacted about final plans.

On April 1, Phyllis Woodcock's rink of Kit Koehler, Barb Bolin and Sheila Elston attended the Business Girls Invitational Spiel at the Weston Golf and Country Club. A loss to Carol Thompson of Royals in the first game put them against this year's Provincial Tankard winners, Joan Peltzer of Peterborough. (Peltzer had lost a close game with three time Tankard winner, Iris Empey.) The local rink lost 11-7, but the game was much closer than the score indicates as the girls almost took big ends on two occassions.

# Kinsmen News

The Junk Homeshow is now booked solid with a total of 65 merchants. Any merchant who would like to go on a waiting list, in case of a cancellation please call Bob Nichol at 457-1107.

The Kinsmen car draw has been changed to October 8, 1978 Thanksgiving weekend, from the labor day weekend date previously mentioned in last week's paper.

On March 28, 1978 the Haliburton Kinsmen Club hosted the eleven other Kinsmen Clubs in Zone C in a Founders night meeting. Special guests at the meeting included national Kinsmen president Don Masterdon, vice-governor Bruce Glass and deputy-governor Don Crowe. National President Don gave an interesting talk on the history of Kinsmen and he also outlined future goals of the Kinsmen Club across Canada.

The Kinsmen Club would like to thank the following merchants for their donation of coffee perculators etc. for chuck wagon II: Newbatt Appliances, Haliburton; Steds mans, Haliburton; Blacks Hardware, Haliburton; Hal Bright markets, Haliburton; E. Lamshoeft Import Co. Ltd. and Dominion Hardware Ltd.

Jeep CJ.
It's got a tough reputation!

Jeep Country. From the Mountain Ranges of British Columbia to the rugged coast of Newfoundland...from Northern Canada to the Southern Great Lakes. Away from traffic jams and overcrowded campgrounds. Out where the road leaves off. That's Jeep Country. And whether it's off-road in the "wilds" or closer to home in more familiar terrain, you'll find the tough, dependable family of Jeep vehicles ready to take you there!

Jeep CJ.
Jeep wrote the book on 4-wheel drive!
AMC
CONEYBEARE MOTORS LTD.
HALIBURTON 457-1621

**BRAMPTON, Ontario, March 27** .... Due to the record demand for Jeep 4-wheel drive vehicles, American Motors (Canada) Limited will spend $4.8 million this summer converting the Brampton assembly plant from passenger car production to the assembly of Jeep CJ-5's and CJ-7's.

None of the equipment presently used at the Toledo, Ohio plant, the only North American facility now producing Jeep vehicles, will be shipped to the Brampton plant. Instead, a major portion of the investment will go to Canadian suppliers with local contractors performing 100% of the work.

"I am pleased with this turn of events" said William S. Pickett, President and General Manager of American Motors (Canada) Limited. "Demand for Jeep vehicles has been increasing steadily since American Motors acquired the company in 1970, and additional production is needed on all models.

"We anticipate that this demand will increase. In fact, we look for a significant growth rate annually for Jeep vehicle sales in North America."

# COUNTY ECHO FAMILY

## Norland Notebook

by Barbara Maunder

About 250 ladies attended Oakwood United Church on Thursday, March 30 for the annual meeting of the Lindsay Presbyterial United Church Women. The guest speaker was Miss Ferne Graham, associate secretary of the Division of Mission of the United Church of Canada, Toronto. The United Church Women's organization was formed in 1962 and the theme of the meeting was "15 years of U.C.W. - is it working?"

Miss Graham spoke in the morning on the work of the U.C.W. for the past 15 years and a Talk Shop Forum with questions and comments from the audience was part of the afternoon program. All eight presidents of Lindsay Presbyterial from the past 15 years were present and received a corsage. They were Mrs. Stanley Murray, Miss Vina Neal, Mrs. E. Ruth, Mrs. George Palmer, Mrs. Bursey, Mrs. Allan Gillis, Mrs. B. Roeske and Mrs. G. Gilson. Mrs. Marion Davis, the outgoing president of the Bay of Quinte U.C.W. Conference installed the officers for 1978 of the Lindsay Presbyterial U.C.W. Queen Street United Church, Lindsay will host the 1979 annual meeting.

Region 3 of the Lindsay Presbytery will hold their rally at Cambridge Street United Church, Lindsay on Wednesday, April 12 and their guest speaker will be the Rev. Bessie Lane.

Some of our local people have been busy keeping mentally alert and adding to their knowledge. After nearly a year of correspondence, Mrs. Grace Graham was her certificate for completing a course with H and R Block on Federal Income Tax. Peterborough - Lindsay chapter, Appraisal Institute of Canada has granted the use of the designation Canadian Residential Appraiser (C.R.A.) to Mr. Arie Verkerk upon completion of his studies. Congratulations and good wishes to you both for these worthwhile endeavours.

A benefit dance for Clarence Jewell on Saturday, April 8 from 8:00 p.m. to 1:00 a.m. is being organized by some of the Norland young people, assisted by the Ladies Auxiliary of the Firemen. Clarence had the misfortune to lose his house and most of his belongings in a fire early in January. His home has been completely demolished and the debris removed and plans are underway to place another building at his former location. The tickets are $2.00 per person, to be sold in advance and refreshments will be served. The bar will be licensed under the L.L.B.O. and music is being supplied by Bonnie and her Good Time Country Group who are donating their talents to this needy cause. If interested in tickets, contact Anna Cameron, 454-3785 or Susan England, 454-3296 as early as possible because tickets are limited.

Circle the date Tuesday, April 11 on your calendar and plan to attend a Tupperware party sponsored by the Ladies Auxiliary of the Firemen. Come at 8:00 p.m. to the Norland Community Hall.

On March 29, the Norland Bowling team completed series 3, and for the first time all season since last September, the teams were without any spares. Winner of this series was the team of Jim Boyce, Marg Lee, Rotha Bryant, Betty Davey, and Della Howard. There are only 3 more weeks of bowling playoffs. Bowling banquet is Saturday, May 6, in Kinmount Legion Hall. Ladies High Single on March 29 was Della Howard 276, High triple and average, Rotha Bryant 541, 189. Men's high single, John Maunder 232, High triple, Don Lee 574, and high average Doug Boyce 189.

Mike and Lynda Easton have that well tanned, healthy look after spending the winter school break and Easter holidays in Miami, Florida. They reported that the weather was warm, sunny and pleasant.

Another winner of the Firemen's Volunteer Hockey Pool was Mary Chynoweth on Saturday, March 25.

We will be expected to dig a little deeper into our purses and pockets after April 1 when the new postal rates become effective. Letters in Canada and to U.S.A. up to 1 ounce will be .14 and .26 up to 2 ounces. Printed matter including greeting cards, up to 2 ozs. - 12c. Parcel post 1 pound to 2 pounds - $1.85 plus 50 cents for each extra pound. Registration is $1.25 plus postage, special delivery 80c plus postage and air mail up to one ounce 30 cents. Insurance and money order fees remain the same. Now if the post office could just improve its service, we might all agree that some of these increases are justified.

The new book "McClure - The China Years" by Munroe Scott is now in our local Norland Library. It must be a very popular book because it has been on order since early January. The reviews of it have been very good so I am sure that it will be enjoyable reading because Dr. Bob McClure has had a most interesting life as a medical missionary.

## Maple Lake News

by Ada Gibbs

Mr. and Mrs. Syd Barnes of Carnarvon spent a few days in Guelph visiting relatives during the spring break.

Mrs. Gordon Allcorn who has been having treatment in the Arthritic and Orthopaedic Hospital in Toronto since January, is now able to be out of hospital and is living at her son's in Toronto until April. Now that April is here we may expect just any day now to hear that Mrs. Allcorn has come to her home at Carnarvon.

Welcome home from southern points to Ralph Joyce of Maple lake. I believe Ralph has returned a little earlier this spring and got quite a surprise to see the great mounds of snow lying all over.

St. Peter's Bible Study Group will meet as usual at the home of Mrs. Peggy Barclay on Wednesday, April 5 at 1:30 p.m.

Don't forget the special Vestry Meeting called for 7:30 p.m. Thursday, April 6, in St. Peter's basement. Please try to attend.

Mr. & Mrs. Lloyd Maschke of Seagrave spent the Easter week-end with the Syd Barnes of Carnarvon.

Miss Beverley Jones of West Guilford accompanied other students of the Haliburton High School on a most enjoyable visit to Greece during the winter school break.

Miss Shelly Jones training as a Lab. Technician in Wellesley Hospital, Toronto, at present visited at her home in West Guilford over the easter week-end.

Last Thursday, March 30, was Birthday Day at Hyland Crest Home, Minden, when 8 or more residents celebrated March birthdays.

This month, March, it was the ladies of St. Peter's Anglican Church, Maple lake who turned out 11 strong to bring another pleasant afternoon to the folk living in Hyland Crest. Those who had March birthdays were seated at a prettily decorated table at one end of the lounge, each with a dainty spring-like corsage or buttoniere provided by the St. Peter's ladies pinned on the left shoulder. Of course there was a delicious fat birthday cake, complete with candles, which the birthday folk had a chance to blow out, after the singing of the Happy Birthday song.

While these activities were going on, the visiting church ladies were serving afternoon tea and refreshments to all present, after which the special cake was carried around and served.

There was considerable visiting done that day. It is surprising how many of your friends you find there just waiting to have a chat with you, and interesting also to make new friends of others who weren't living there the last time you visited Hyland Crest. Best of all we were pleased to see marked improvement in several cases. Many thanks to all who are in charge and doing such a fine job for all these people.

Ada Gibbs

## Chatting with Irene

The saying is April showers bring may flowers. I just wish that they would take away the rest of the snow fast. Went for a drive on Sunday and noticed that even a few miles north, there is more snow than here so guess all are thinking the same. My but April Fools Day sure fooled all of us. First all the prices that were raised, then the weather so changeable; then both of our Teams lost their games; but more of that later. All in all it sure lived up to the name "April Fools Day", with us the fools.

Goodness I just saw a jogger go past, so guess Spring is really on it's way in.

Miss Marjorie Dawkins visited with Mrs. Ethel Harrison and the Wm. Moores on her way home to Lindsay last week after a skiing trip at Dwight.

Attention all Ladies: - on April 10th at 8 pm a film on breast cancer and how to detect it will be shown at Minden United Church. This film is sponsored by the Cancer Society, and all ladies are invited to attend as self examination is stressed very strongly in the film.

The Reg Leamans of Riverdrive park spent Saturday with the Milton Sears.

Last week was Card Party week as there were three from Monday evening to Thursday afternoon. Winners at the Card Party at the Orange Hall were: lone hands Harold Cowen and Mary Cox; Marjorie Coulter, Phil Robinson, George Hewitt.

Winners at the Card Party at the Parish Hall: Bridge - Doris McManus, Lori Gyatt; Euchre - lone hand Stan Blears; Hilda Harrison, Anne Dawson, Stuart Harrison. Cribbage - Cora Hewitt, Vera Ward, Fred Ballard, Fred Thorn. There was a draw on a cake and this was won by Jeanne Sears.

The Mini Card Party last Thursday afternoon had the following winners: Bridge - Agnes Taylor, Cribbage - Edna Moultan, Joyce Hewitt. Euchre - Shirley Elcome, Johann Beattie.

April 10th to April 15th is "Forgiveness Week" at the Library. If you have any over due books, be sure and get them back to the Libraries that week, and all is Forgiven.

The Livestock Producers Association are having a meeting at the Haliburton Highlands Secondary School at 7:30 pm on Thursday April 6th. Guest speaker will be Dr. B. O'Neill of Lindsay.

Mrs. Yvonne Beaucage and daughters spent the holiday in Collingwood and Yvonne enjoyed her new grandchild.

Mrs. Chris Lazier visited with the John Bumisters recently.

The Bob Dudmans and Dean Hewitt spent the holiday with their mother Mrs. Shirley Hewitt.

Attention all men especially: what do you do with your spare time? If you have any free time I'm sure that the Ambulance Service would really like some part time helpers. You would be recompensed for your time and assistance would be given in helping you obtain the St. John First Aid Course and your Class "F" drivers license.

I do not have too much to say this week about the hockey: I'm sorry the Huskies lost their series to Lakefield, for they tried hard. I'm very upset over our teams making such a poor showing in the games over the weekend, and certainly hope that this coming weekend proves that we are as good as Langton and Lucan; Saturday evening tha Bantam game starts at 6:30 pm, and the Juvenile game at 9 pm. Sunday the Bantam game is at 1:00 pm, and the Juvenile game at 3:00 pm. Get on the ball fellows.

The Figure Skating Club certainly did a lovely job with their finale of the year "Cinderella". They deserve a lot

## Coboconk News

by Sheila Lake

Mrs. Mary Hutchinson and her sister, Mrs. Merle Grant of Lindsay are off on a short visit to Washington.

The new operators of the Mini Mall are taking over as of about middle of the month. Their names are Mr. and Mrs. Michael Collins of Toronto and we wish them well in their new venture.

Shirley North and her husband, Ray North will be operating their business from the former "Short Stop" premises, or the former pool room premises. So far those of you interested in crafts and in decorating materials, paints, carpets etc. watch for the opening of the new store beside the bake shop in about two weeks time.

Mikes Milk is again open for business. How convenient to be able to buy extra milk and groceries at late hours or on Sunday, should extra company come along and you do not have enough food necessities on hand.

Mrs. Etta Dewell was hostess for a personal shower for Darlene Graham of Lindsay, formally of Norland, who becomes the bride of Wayne Bradamore this month. The shower was held on Friday evening, March 31 and some 25 friends gathered for this special occasion.

Mr. and Mrs. Ben Farrow spent Easter weekend with his aunt, Mrs. Nettie Farrow at Cannington. All of her family were Easter weekend and birthday (March 26.) visitors, except daughter Donna, (Mrs. White) who phoned home from Calgary, of Mrs. Annie Marles. They were Mr. and Mrs. Russell Marles and family; Mr. and Mrs. R. Marles Jr. all of Mt. Albert; Mr. and Mrs. Lonie Marles of Peterborough; Mr. and Mrs. Ross Fisher and Mr. Walter Marles all of Lindsay; Mr. and Mrs. Rod Harrison and family and Mr. and Mrs. Wm. Goode and family all of Queensville. David Marles of town and yours truly.

The propretier of the "Portage" restaurant just west of town, Mrs. Charlotte Chirpaugh underwent open heart surgery in Toronto this past week and has been seriously ill. There were unforseen complications, and Charlotte is going thro a real ordeal. Remember her with your cards and prayers.

Also in Toronto, Charlie Weaver is undergoing treatment following surgery earlier in Ross Memorial Hospital.

Diana and Earl Smiths little boy is home after a stay in Sick Children's Hospital, Toronto.

Congratulations to Mr. and Mrs. Jack Peel, who celebrated their 40th anniversary on March 25th. Their family planned a surprise party at the Community Hall and a good time was had by all.

Mrs. Greta McBride had the misfortune to injure her hip in a fall but is progressing nicely.

The Fire Department members and wives, Mr. and Mrs. Carmen Pearce, Mr. and Mrs. Van Henvelen of Bowmanville all enjoyed dinner and presentations at the Sportmens Restaurant on Wednesday evening. The dinner was to honor Philip Pearce and Rickie Van Henvelen prior to their marriage on April 8. Philip is a member of our Fire Dept. Engraved plaques were also presented to 15 year members who are Lyness Apry, Revell Bradamore, Harold Alton and Eric Thompson.

Mrs. Ludlow was host to a shower in the Anglican Church hall Friday night, March 31 for Rickie Van Henvelen who will be married on April 8 to Philip Pearce. Mary Lou Richardson and Sharon Walker helped Rickie open her gifts. Some 35

## News from Extendicare

by Dr. O.W. Anderson

Bright and early Monday morning our ladies started busying themselves in the activity room making "Pile" mice and rabbits, and also some for stuffing into animal or dolls. These ladies seem to enjoy working, it is something to do and keeps them out of mischief.

Alcohol as a beverage is a subject that is often considered a subject in need of discussion. There seems to be a great admiration of a man who is reputed to have gone through life without any smoking or drinking. A study of the effect of alcohol on the body is interesting, is that contrary to its repute as being a stimulant, it is proven by research to depress the mind in direct ratio to the amount consumed, and that is a constant, without deviation in any person or whether it is consumed hard or in wine or ale. It never does for a person what is expected, help one out of trouble, or settles ones nerves, or lessen a shocking encounter, on the contrary it always without fail does the reverse, makes matters worse. That is why in family matters it really tends to make matters boil over, or go from bad to worse. No young man or girl needs to prove they can handle liquor, because statistics say you can't and believe us when we say that when it is down your gullet you have no control whatever over the effect it will have. Your chances of always having employment if you are not a drinker or a smoker is always much better. This item is not directed so much to one who is already a souse, or an alcoholic, or a social drinker, because your retirement from the booze requires some soul searching, a measure of poverty or a determination to quit willy nill. It can be done.

Wednesday afternoon the ladies, were instructed in the making of waste paper baskets. Using the discarded ice cream containers, covering them with burlap, then cutting felt into patterns desired, it is fastened on to the burlap with glue to make various combinations of decorations, and thus quite attractive garbage receptacles for the home. We believe these are being made for display at our coming bazaar on May 10, 1978. Helping in that enterprise not counting our ladies were Mrs. Mary Fedorchuk, Mrs. Lila Austin, Mrs. Dorothy Davidson, Mrs. Jean McKnight and Mrs. Judy Mann.

A morning session was spent in making fruit cookies, at the hands of extendicare's Mrs. Flossie Burk and Mrs. Hazel Parish. They are very delicious cookies, and we expect they will be served to us with tea after our Friday devotional period.

Thursday afternoon was spent in craft fashioning and then stuffing cartoon characters for children's playtoys or pillow decor, or how many would like to change these possible uses to and fro.

In the matter of our plants and flowers, we are embarking on something we have yet to try, the growing of radish and onions for table use. It should be interesting and if it works we will have some nice tid bits with our meals. I am reminded of a certain type of plant pot that we use very much and we find very scarce but in the home they come containing margarine, or cottage cheese, or sour cream, or blue berries, any of which are in pound quantities, or in some cases a little less. Even the somewhat smaller ones are useful. Here and there we hope to get about 175 in which to grow many of our plants, empty of course.

Friday morning was our devotional period with Pastor Glenn Rosch our spiritual leader, Mrs. Julie Rosch the pianist and Mr. Charles Plewman, harmonica. The theme was the healing of the hopelessly sick and how much gratitude it generated among Christ's followers. It was a very impressive sermon and afterward in the activity room those fruit cookies mentioned previously here were served to us with tea poured by Mrs. Mary Currah.

It has been unusual weather the past two months with the noon temperature showing very little variation except to slowly get warmer, and soon the snow will be gone and the roads dried and fit to walk on. Sunday was the nearest we got to a really perfect spring day if it had not been for the chilling breeze.

We miss the C.B.L. radio and hope that it will be fixed soon, since it brings more electronic enjoyment than the T.V. programs we have been getting of late. Some of the radio commentators are often too brash.

# Legions hold Zone rally in Lindsay

On Sunday, April 2, the semi-annual Zone F4 Rally was held at Branch 67 Lindsay. There was representation from all but two branches.

Among the visiting delegates were Comrades John Maw, Provincial Vice-chairman Action Committee, Jack Rachotte District Poppy Chairman Carman Livingston, Zone F2 Commander, Dude Hills, District Sports Officer, Merrill Dunn, Commander District "F". Zone F4 Commander Doug Worrell was in the chair and the meeting was conducted by Chairman John Dayman.

The reports of Branches were read and all branches are in a sound financial condition and all are involved in various aspects of community work. This was followed by the reports of the Zone chairmen. Branches were reminded that the District Convention convenes at Br. 99 Belleville Saturday and Sunday April 15-16 1978, and all branches are expected to have representation there. The Zone Drumhead will be at Norwood on June 25, 1978. At this point the annual Zone Drumhead Service was brought forward and after some discussion it was agreed that Cannington should have it, Haliburton had also asked but withdrew in favour of the other branch. At this time both Sunderland and Haliburton declared their intention of seeking the 1979 District Drumhead Service at the Convention on April 16. It was pointed out by Chairman Dayman that if the zone goes to Convention divided both parties will surely lose out. After much discussion, Haliburton bowed out once more but was promised full support for an invitational Drumhead (District level) Service to be held on August 27, 1978 in conjunction with our 50th Anniversary celebrations. Haliburton was warmly thanked by both Cannington and Sunderland for their co-operation in these decisions.

Comrade Maw gave a short but informative address on the work of the Action Committee and they have several training programs available, and if the branches are interested in any of them, just give him a call and he will come and set it up. Some of the programs are Baby-sitting, Home-care service, and the Driver course. Comrade Hills reported on sports and some of the Branches are not bothering to show up to the tournaments. Comrade Rachotte gave a detailed talk on the Poppy and he agreed with the delegates that it is getting more and more difficult to get members to work on the Poppy Campaign but he urged us to put on a determined for help, and to start early.

He showed a copy of the report of the Belleville campaign for 1977 and this was published in the local paper. This gives our supporters a clear picture of what we are doing with the funds they have entrusted to us for veteran and community social work.

There had been a very poor turnout at the school conducted by the Service Bureau in Peterborough on March 21. Only two people attended from Zone F4. Comrade Jack told us that Poppy Fund money can be used by the Branch Service Bureau officer for travelling expenses and therefore each one should have been at the meeting. A lot of work goes into setting up these seminars and there is a great deal to be learned by the branch officers. The Fund may also be used to purchase equipment for our local hospitals where needed with the understanding that veterans are to be given priority in their use.

Comrade Doug Worrall spoke briefly, thanking the Provincial and District officers for their support and concern and also thanked the delegates for such a good turnout. The next rally will be held in Omemee date to be announced later.

At the close of the meeting a short social period followed and then a roast beef dinner was served by the Ladies Auxiliary of Branch 67, Lindsay.

# Monmouth couple 50th anniversary

At the Monmouth Senior Citizens' meeting held last Tuesday, March 28, members celebrating birthdays and couples celebrating wedding anniversaries in the month of March were honoured.

Hattie Ackley was the only member present who had a birthday in March. She blew out the candles on the birthday cake and all present sang "Happy Birthday to You".

Mr. and Mrs. Jim Ross celebrated their 50th Wedding Anniversary on March 27. (Golden Wedding) On this special occasion, the president, Eric Andrews congratulated the couple and presented them with a beautiful inscribed "Golden Wedding Anniversary" plate on behalf of the club. Much to the delight of everyone present, Millie and Jim danced around the table to the strains of the "Anniversary Waltz." This was beautifully done and they received several complimentary remarks.

Millie blew out the candles on the specially decorated cake for them and put the first cut in the cake. It is the wish of all the members of the club that they may enjoy many more years of happiness together.

# Gems of Truth

**1 Corinthians 15**

The multiple truths that spring forth out of this marvelous chapter are not all strictly resurrection facts, but are related thereto and interwoven. The chapter deals strictly with the past, present and future state of a Christian and has nothing in common with the "general" resurrection of the unsaved dead. There is a resurrection of the "just", Luke 14:14, and a separate resurrection of damnation John 5.29. The question arises as to who is a Christian and suffice it to say that Jesus said a "new birth" is required to lay claim to that term-name. John 3.3. He likewise teaches that it is a matter between Him and the individual alone, no other one can intervene on the sinner's behalf to gain "that birth". John 5.24, 1 Tim. 5.24.

Having established the "fact" of the resurrection of the Lord Jesus in the opening verses of his treatise, Paul goes on to show the importance of that fact to a believer. 1 Cor. 15:1-11. It was belief in Christ and His resurrection that had brought them into the true Church which was now in the building, Math. 16.18 and a denial of the resurrection truly showed where man stood, they were yet in their sins 1 Cor. 15:17-18. The logical conclusion of that denial Paul states in V.19.

Paul now begins to show the "results" and the relations of the resurrection of our Lord Jesus Christ. v. 20-50. It was a victory over "death"! Up to this time, every person born into the world with two exceptions had died. Elijah and Enoch were those exceptions. 2 Kings 2.11, Gen. 5.24. Those who had been raised to life from among the dead were not raised to "immortality" but died again after living their alotted span of life. Not so the Lord Jesus, His was victory indeed! He ever lives, and is alive forever more. Rev. 1:18.

The relation of "that victory" will be appreciated much more by those who have a true understanding of what death really is. The "why" of death is the direct result of sin. Gen. 2.17. God had so decreed and Adam died a twofold death, first was "spiritual death", separation from God, second was "physical death". These two aspects of death run throughout the Scriptures and Jesus was the "victor" over both. Spiritual death always preceeds the physical and so it is that one can be "very much" alive while here on earth yet "very dead" in God's sight. 1 Tim 5:6. Eph. 2:1. All of Adam's posterity are born into the world in this state of spiritual death, so Jesus knew what He was saying to Nicodemus when He told that inquirer "he must be born again" in order to even see spiritual things. John 3.3.

Those made alive by that spiritual birth, are now in line to benefit from the "victory of death" and its far reaching result. It is here where the 15th chapter of 1st Corinthians now springs forth with meaning and exultation. 1 Cor. 15:51-57. The Apostle makes the startling statement that there will be some who will escape physical death v. 51. This brings us into the fact of a "Return of the Risen Saviour" for His true Church. 1 Thes. 4.16, 1 Cor. 15.52.

The "changing" of the believers still living when the "trump" sounds, will follow closely after the coming forth of the ones in the grave. v.53. It will all be "in a moment, in the twinkling of an eye", but the procedure will be in orderly fashion. These "bodies of dust" will now be clothed with "immortality" (not subject to death). It is like putting on a new garment. v.53-54 and a twofold cry will arise from those who are caught up to meet the Lord who saved them, at this time. Those who have not died but are changed will utter the victory note of "O Death, where is thy sting?" Simultaneously will be the triumph of those in the shroud of dust (grave) "O grave, where is thy victory". v. 55-56. Death has a sting because of sin. If there were no sin, there would be no "sting" to death, animals do not experience a sting. The Law is made for man to show him his need of a Saviour who procured for all who will, victory over death. V.56.

What a triumphant Saviour is our Jesus! What a shame that so many people are taken up with catering to bonnets and bunnies and are ignorant of the true meaning of Easter, and the eternal blessing available to them because the Saviour is Risen. In that Saviour alone can death be swallowed up in Victory! 1 Cor. 15 54.

Place: Wilberforce Memorial Center

Date: Saturday, April 8th

Time: 7:30 P.M.

*Plan Now to Attend*

# Fellowship to hear guest speaker

Ernie Warren, a former resident of this area who now resides in Peterborough, will be the guest speaker when the Full Gospel Business Men's Fellowship, Hyland Chapter hold their montly meeting at Deer Lodge on Saturday evening, April 15 at 7:00 p.m.

Ernie is President of Kawartha Chapter of Full Gospel Business Men's Fellowship in Peterborough. He is married and has one daughter and one son. He also is a member of Apsley Community Church.

Ernie has been a truck mechanic for 36 years; for the last 10 years of which the Lord has blessed him many times in revealing mechanical problems that Ernie could not solve on his own. His testimony has been shared in a number of other chapter meetings and churches and, he has been richly blessed. Out of a busy schedule, he spends much of his time visiting the sick in hospitals and homes and has seen many, many healings, broken homes back together, souls won to the Lord Jesus, material needs met, and even the impossible made possible.

To God be the glory for the measure of faith He has entrusted to Ernie and he rejoices as he sees all circumstances have to yield to the power of prayer.

# Down with high blood pressure

You can't tell by looking in the mirror. You can't tell by the way you feel. Only a qualified health professional can tell whether you have high blood pressure because there are usually no symptoms.

High blood pressure, or hypertension, is the single most important and identifiable factor contributing to heart disease, stroke, and kidney disease. It is estimated that between one and two million Canadians have this condition. Although the prevalence rate is particularly high in people 40 years or older, high blood pressure can occur in young children and adolescents as well.

Detection of this condition continues to be a significant problem. Between one third to one half of those with high blood pressure are unaware of it. Even worse, of those who know they have high blood pressure, only one half are receiving medical treatment at all, and of those only one half have achieved good blood pressure control.

Occasionally high blood pressure may be caused by an underlying disease which may be surgically correctable. However, in the vast majority of cases the cause is unknown. Although hypertension cannot be cured it can be controlled in almost all cases with drug and/or diet therapy. Because it is incurable treatment usually lasts a lifetime.

Despite the availability of efficacious treatment, compliance with anti-hypertensive therapy is distressingly poor and often is the major cause of uncontrolled high blood pressure.

A major obstacle in blood pressure control is the widespread misconception that hypertension is equivalent to nervous tension. While stress may aggravate an already existing condition, it is not likely the underlying cause.

Hypertension is an international problem, so the World Health Organization, in cooperation with the International Society and Federation of Cardiology, has declared April 1978 as World High Blood Pressure Month in an attempt to draw international attention to this disease and concentrate efforts to control it.

The theme of this international project is a fitting one - "Down With High Blood Pressure".

For free, detailed information on high blood pressure, contact your Ontario Heart Foundation.

## $400,000 grant to restore the Segwun

The Ontario Cabinet has approved a $400,000 grant to complete restoration of the RMS Segwun to passenger ship operating standards, Industry and Tourism Minister John Rhodes said today.

Final phase of restoring the 100-passenger ship is expected to get underway immediately, with the Segwun being in operation next summer.

"A fully-restored Segwun will not only preserve an irreplaceable part of Ontario's heritage, but will also add to the variety of tourist attractions in Ontario," Rhodes said.

Restoration of the Segwun was first visualized in 1973 when the Ontario Roadbuilder's Association embarked on a campaign to save the last of the Muskoka Lakes steamships, then languishing at a dock in Gravenhurst.

Since then the Muskoka Steamship and Historical Society, along with the Ontario Roadbuilders' Association, has been largely responsible for the investment of some $400,000 for hull restoration, boilers, engines, propellers and other structural components.

A further $400,000 is required to bring the vessel up to current federal regulations for passenger ship operation. A Ministry of Industry and Tourism study indicated the Segwun could carry as many as 60,000 excursion passengers per year.

## Fires From page 2

local garbage dump. Ministry officials also discourage the burning of grass, especially by the very young and the disabled.

The ministry also stresses that a fire permit must be obtained from a ministry office or a fire warden before contemplating any burning, other than for cooking or warmth.

Another common cause of spring fires are railway trains which can idle for hours in a railway yard or siding only to spew forth accumulations of hot carbon embers in the first few miles of travel.

Railway trains have not only grown longer and heavier, but also travel faster, with the result that slowing or stopping them creates multiple problems for fire fighters.

Most railway caused fires occur on downhill grades and on sharp curves where brakes must be applied vigorously. Because brake shoes are constructed of softer metal than the wheels, molten slivers of steel frequently drop from them onto grassy embankments when the brakes are applied. It is not uncommon for a railway train to start a succession of several separate forest fires rendering control difficult.

Commencing with the long weekend in May, most forest fires are caused by hikers, canoeists and campers. Many of these fires are caused by cigarettes and campfires. Outdoor enthusiasts are therefore urged to refrain from smoking while walking in the woods, and to carry hot drinks in vacuum bottles. Alternatively, to sit down to smoke and to extinguish cigarettes and campfires thoroughly is the mark of a seasoned woodsman.

# $14,200 raised by Haliburton area for Snowarama

Haliburton area snowmobilers raised a total of $14,200 in this years Snowarama, the Ontario Society for Crippled Children has announced. In generating a record $482,100 in pledges for the 1978 Whipper Watson Snowarama for Timmy, Ontario snowmobilers doubled their previous year's total.

Sponsored by the Ontario Society for Crippled Children in association with snowmobile clubs, associations and local Easter Seal service clubs, Snowarama attracted some 4000 riders. Most completed the official 100-mile course of their choice in any of twenty different areas of the province where Snowaramas were held.

Divided equally between the Ontario Society and the local Easter Seal clubs involved, the net proceeds will be used to support and develop local and regional rehabilitation programs and services designed to benefit more than 8000 of Ontario's physically handicapped youngsters currently receiving some form of active treatment or assistance through the Society.

The outstanding success of this year's winter event will be good news for the 1200 delegates attending the Ontario Federation of Snowmobile Clubs' two-day annual conference at Barrie on April 14 and 15.

## NOTICE

Under the Forest Fires Prevention Act.

The period from April 1 to October 31 in each year shall be a fire season. Fire permits are required in a fire district

- for all outdoor burning except cooking or obtaining warmth
- to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

Ministry of Natural Resources

Hon. Frank S. Miller
Minister

Dr. J.K. Reynolds
Deputy Minister

THE CORPORATION OF THE TOWNSHIP OF CARDIFF

## NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIP OF CARDIFF TO CLOSE THAT PORTION OF THE OPEN ROAD ALLOWANCE BETWEEN LOTS 25 AND 26, CON. XX, IN THE TOWNSHIP OF CARDIFF.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of the Municipal Act, R.S.O. 1970, as amended, that the Township Council of the Corporation of the Township of Cardiff proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Municipal Office, R.R. #3, Bancroft, Ontario on Thursday, May 4th, 1978, at 7:00 p.m., a By-law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises situate lying and being in Township of Cardiff in the Provisional County of Haliburton composed of Part of the 66 foot Road Allowance between Lots 25 and 26 in Concession 20 of the said Township containing an area of 0.40 acres be the same more or less and which said parcel or tract of land may be more particularily described as follows:

PREMISING that the westerly limit of the said road allowance has an astronomic course of north 20 degrees 26 minutes 50 seconds west referred to the meridian through the north west corner of Lot 21, Concession 22 in the said Township and relating all bearings herein thereto.

COMMENCING where a survey post has been planted defining the most northerly angle of the said parcel, being in the easterly limit of said Lot 25 distant thereon 894.17 feet measured south 20 degrees 26 minutes 50 seconds east from the north east corner of Lot 25, Concession 20 aforesaid;

THENCE south 66 degrees 46 minutes east in the said road allowance a distance of 91.28 feet to a survey post planted in the westerly limit of said Lot 26 distant thereon 953.31 feet measured south 20 degrees 26 minutes 50 seconds east from the north west corner of Lot 26, Concession 20 aforesaid;

THENCE south 20 degrees 26 minutes 50 seconds east along the westerly limit of said Lot 26 a distance of 226.28 feet to a survey post planted in the northerly limit of Haliburton County Road No. 5 (formerly the right-of-way of the Canadian National Railways);

THENCE south 64 degrees 59 minutes west thereon 66.21 feet to a survey post planted in the easterly limit of said Lot 25;

THENCE north 20 degrees 26 minutes 50 seconds west thereon 294.61 feet to the point of commencement.

AND WHICH said parcel as herein described is further shown as being comprised of Part 4, Part 5 and Part 6 according to a plan of survey dated the 19th day of January 1978, signed by M.J. McAlpine, Ontario Land Surveyor, and which may be examined at the Municipal Office of the Township of Cardiff;

AND FURTHER TAKE NOTICE that before passing the said By-law at its meeting to be held at the time and place above mentioned the Township Council of the Corporation of the Township of Cardiff shall then and there hear in person, or by his Counsel, Solicitor or Agent any person who claims that his land will be affected by the said By-law and applies to be heard.

DATED AT The Municipal Office for the Corporation of the Township of Cardiff, this 22nd day of March, 1978, A.D.

**Gayle P. Billings,**
**Clerk-Treasurer**

## NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE COPRORATION OF THE UNITED TOWNSHIPS OF "DYSART ET AL" FOR STOPPING UP, CLOSING AND CONVEYING PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN CONCESSIONS 12 AND 13, ACROSS LOT 1, IN THE TOWNSHIP OF HAVELOCK, SHOWN AS PART 1 ON REFERENCE PLAN 19R-1590, FOR THE PROVISIONAL COUNTY OF HALIBURTON AND EXCHANGE THE SAME FOR PART OF LOT 1, CONCESSION 12, IN THE TOWNSHIP OF HAVELOCK, DESIGNATED AS PART 2 ON REFERENCE PLAN 19R-1590 AND PART OF LOT 2, CONCESSION 12, IN THE TOWNSHIP OF HAVELOCK, DESIGNATED AS PART 1 ACCORDING TO PLAN 19R-1558 FOR THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Section 443 of The Municipal Act, that the Township Council of The Municipality of the Townships of "Dysart et al" proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on the 8th day of May 1978 a by-law to:

To stop up and close the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate lying and being all that part of the original allowance for road between Concessions 12 and 13 across Lot 1 in the Township of Havelock, in the Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1590

and after the same has been stopped up and closed, to convey the same to Alfred Baum, Bruce Bruhm, Erhard Oettell and John R. Petrenchik, in exchange for the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate lying and being all that part of Lot 1, Concession 12 in the Township of Havelock, Provisional County of Haliburton, designated as Part 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1590 and all that part of Lot 2, Concession 12 in the Township of Havelock, Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the said Registry Office as Plan 19R-1558.

AND TAKE FURTHER NOTICE that before passing the said by-law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of the United Townships of "Dysart et al" shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said by-law and who applied to be heard.

DATED at HALIBURTON, Ontario this 20th day of March 1978.

**WAYNE B. WOOD,**
Clerk-Treasurer

## THE PROVISIONAL COUNTY OF HALIBURTON

HAWK LAKE ROAD
(County Road No. 13)

DEEP BAY ROAD
(County Road No. 2D)

**The Council of the Provisional County of Haliburton Proposes to Pass a By-law Authorizing:**

1. The construction of a by-pass road around the existing Hawk Lake Road (County Road No. 13) in the Township of Stanhope, from Queen's Hwy. No 35, to Lot 15, Con. 9, Township of Stanhope, to a basic width of 100 feet with additional widening at cuts, fills and intersections; the clearing, grubbing, fencing, grading, gravelling, and paving thereof to provide a basic two lane roadway with additional turning lanes at intersections, together with the construction of all culverts, drainage works and all related works and undertakings and the acquisition of the necessary lands and interests in lands.

2. The construction of a by-pass road around the existing Deep Bay Road (County Road No. 2D) from the Bobcaygeon Road to Lot 4, and 5, Con. 1, Anson Township to a basic width of 100 feet with additional widenings at cuts, fills and intersections; the clearing, grubbing, fencing, grading, gravelling and paving thereof to provide a basic two lane roadway with additional turning lanes at intersections, together with the construction of all culverts, drainage works and all related works and undertakings and the acquisition of the necessary lands and interests in lands.

The Road Committee of the Provisional County of Haliburton will hold a meeting at 1:30 p.m. on the 24th day of April, 1978 in the County offices, Newcastle St., Minden, Ontario, at which time they will hear in person or his counsel, solicitor or agent, any person who claims that his lands will be prejudicially affected by the by-law and who applies to be heard.

Information with regard to the above proposed work may be obtained at the office of the County Engineer. (telephone 286-1762).

DATED at Minden Township this 24th day of March, 1978.

S.G. Nesbitt,
Chairman

W.E. Obee, P. Eng.,
County Engineer

**VAUGHAN** - Ken and Reta are proud to announce the arrival of their 5 lb. 14 oz. baby girl, Patricia Ann, on March 25th, 1978, at Peterborough Civic Hospital. A sister for Joyce. Proud grandparents are Mr. and Mrs. MerrittMcNeil of Minden and Mrs. Doris Vaughan of Lindsay.

## DEATH NOTICE

**AT REST**

Suddenly
at Ross Memorial Hospital
Lindsay on
Saturday, April 1, 1978
**Olive Viola Wilma Carpenter**
In her 68th year

Beloved wife of Edward Carpenter; dear mother of Douglas of Lochlin, Wanda (Mrs. P. Robinson) of Ingoldsby, Ivan and Fern (Mrs. R. Bellwood), both of Fenelon Falls and Albert of Carnarvon; loving grandmother of 16 grandchildren and one great granddaughter; dear sister of Elsie (Mrs. F. McPhail) of Arthur, Ruth (Mrs. A. Paul) of Gravenhurst, Russell of Lochlin, and predeceased by Daisy and Harriet.

**FUNERAL SERVICE**
Rested at the Funeral Chapel of John Welch & Son Ltd., Minden, after 2:00 p.m. Sunday, for funeral service in the Chapel on Monday, April 3, at 1:30 p.m. Spring interment at Ingoldsby Cemetery.

## ENGAGEMENT

Mr. and Mrs. Elwood Graham, Norland are pleased to announce the engagement of their daughter Darlene Grace to Wayne Craig Bradamore son of Mr. and Mrs. Revill Bradamore, Coboconk.

Wedding to take place Saturday, April 22, 1978 in St. Andrew's Presbyterian Church, Lindsay.

## THANK YOU

I would like to thank my relatives and friends for flowers, cards, phone calls and prayers during my stay in Peterborough Civic and Haliburton Red Cross Hospitals. Thanks to Doctors and nurses in both hospitals.

**Wm. E. Dugan**

---

The family of the late Willa Lageer would like to express our sincere and heartfelt thanks to all our friends and neighbours for their messages, assistance and kindness rendered in our recent bereavement.

Special thanks to all the doctors and nurses and staff at the Red Cross Hospital.

## IN MEMORIAM

**DEAN**, In loving memory of a dear father-in-law, and grandfather, who passed away April 1st, 11 years ago.

Silent memories, true and tender,
Just to show, we still remember.

Lovingly remembered by Ethel, 5 grandchildren and 4 great grandchildren.

---

**NEWBATT**, Janet, In loving memory of a dear granddaughter, who passed away April 8, 1977.

Though her smile is gone forever
And her hand we cannot touch
Still we have so many memories
Of the one we loved so much
Her memories are our keepsakes
With which we will never part
God has her in his keeping
We have her in our hearts.

Always remembered by Grandma and Grandpa Packard.

---

**NEWBATT**, Janet. In loving memory of a dear daughter who passed away April 8, 1977.

God knows how much we miss her
He counts the tears we shed
And whispers She is only sleeping
Your loved one is not dead
So we will be brave dear daughter
And pray to God each day
And when he calls us home to you
Your smile will guide the way.

Sadly missed by Mother, brothers Jamie and Robbie.

---

In loving memory of a dear father, Wes Sawyer, April 5, 1976.

What we would give if we could say
Hello, Dad, in the same old way;
To hear your voice, see your smile,
To sit with you and chat awhile.
So you who have a father,
Cherish him with care,
For you'll never know the heartache
Till you see his vacant chair.

Lovingly remembered by daughters Mrs. Rose Ackley of Wilberforce and Beverley Sawyer of Haliburton and families.

---

# Tent caterpillars die out

Forest tent caterpillars aren't expected to be a problem in the southern Georgian Bay-Muskoka area this summer, but could cause headaches north of Parry Sound and east of Peterborough.

But unless weather conditions interfere, the infestation of the past five years will die out this summer, according to the Ministry of Natural Resources.

"We expect 1978 will be the last year in this particular cycle of caterpillar infestation for any serious problems in southern Ontario," said Dr. Rod Carrow, provincial forest pest control supervisor.

He said last summer's hard-hit areas will still have pockets of heavy bug infestation, but that generally the problem will be much less severe.

Dr. Carrow's advice to private landowners in areas of predicted high caterpillar numbers this summer: begin daily tree inspections during the sunshine hours in early May, and if control seems necessary, organize with neighbors to have your entire area commercially sprayed with an environmentally-harmless insecticide, such as Dipel or Thuricide.

Information about sprays, local sources and how to contact commercial sprayers is available from district ministry offices.

The Ministry will treat 1,200 acres of Crown land at the Leslie M. Frost Natural Resources Centre near Dorset and Grundy Lake, Mikisew and Six Mile Lake provincial parks this summer, but has now plans to spray private property.

"We're using a commercially-available bacterial insecticide exclusively - no chemicals," said Dr. Carrow. "It works well and has no harmful effects on the environment. We'd be happy to advise anyone concerned about the potential pest."

While spraying of private property is the responsibility of the landowner, Dr. Carrow said the ministry is anxious to provide information and help, advise landowners on the need to spray and help get in touch with reliable local commercial sprayers.

"Beginning the first week in May, landowners should take some of the leaves which are flushing and look for tiny newly-hatched caterpillars which are one-quarter to one-half inch long, black and somewhat hairy," he said.

# Chatting with Irene

From page 8

of credit, for the settings as well as the costumes were beautiful. M. C. Bill Payne did a great job of presenting the 27 members in their acts. During the intermission the large crowd enjoyed watching Mr. and Mrs. Lorne Coburn & Mr. and Mrs. Dick Kirkwood as they did some fancy footwork on skates.

Miss Kelly Beeney was presented with a lovely bouquet for the time and effort she had spent with the club, and the Senior Lady skaters were given Rosebuds and the men thank you notes from the club.

The 50-50 draw was won by the President of the Club Elaine Blakey who returned it to the Club as a gift.

As my Grape Jelly is getting low I must make some more; oh yes I make it during the winter or whenever needed; all you need is 4 cups of grape juice, 7 cups white sugar, ½ bottle certo, mix the juice and sugar in kettle, place over high heat and bring to a boil, stirring constantly. At once stir in certo, then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon, pour quickly into jars. Cover jelly at once with hot paraffin. So simple and no messy grape stain on your hands.

Adios and take care now.

# Coboconk

From page 8

friends and neighbors enjoyed the evening of games and rejoiced with Rickie on this special occasion. A social time was spent over the tea-cups following the opening of gifts. Rickie graciously thanked everyone for the lovely gifts.
